A member of the public may address the Board on agenda items, before or during the Board or Committee’s consideration of the item for up to 5 minutes per item, or at the discretion of the Chair. A request to address the Board should be submitted in person at the meeting to the Board Secretary prior to the start of the meeting.

The public may also address the MTA on non-agenda items within the subject matter jurisdiction of the MTA during the public comment period, which will be held at the end of each meeting. Each person will be allowed to speak for one minute and may speak no more than once during the Public Comment period. Public Comment will last a maximum of 30 minutes, or as otherwise indicated by the Chair. Speakers will be called according to the order in which the speaker request forms are received until the Public Comment period has expired. Elected officials, not their staff or deputies, may be called out of order and prior to the Board’s consideration of the relevant item.

At the discretion of the Chair, the Board may limit public input on any item, based on the number of people requesting to speak and the business of the Board.

In the interest of hearing from as many members of the public as possible, if at the time your name is called, your issue has been addressed or your opinion expressed by a previous speaker, please simply state that fact and your name for the record.

In accordance with State Law (Brown Act), all matters to be acted on by the MTA Board must be posted at least 72 hours prior to the Board meeting. In case of emergency, or when a subject matter arises subsequent to the posting of the agenda, upon making certain findings, the Board may act on an item that is not on the posted agenda.

39. FASANA MOTION:

On July 24, 2008, Metro adopted the “Traffic Relief and Rail Expansion Ordinance” (Ordinance #08-01) imposing a Transactions and Use Tax subject to voter approval. Section 7(i.) states, “Metro shall propose the projects and programs in Attachment A for inclusion in the Long Range Transportation Plan.”

In 2008, enactment of Assembly Bill 2321 made changes to the California Public Utilities Code by adding Section 130350.4, and amending Section 130350.5.

- Section 130350.4(b) states, “For purposes of proposing to the voters of the County of Los Angeles the imposition of a 0.5 percent transaction and use tax at the election held on November 4, 2008, pursuant to subdivision (b) of Section 130350.5, the MTA adopted, on July 24, 2008, a local ordinance that includes as "Attachment A" a plan for the expenditure of the net revenues derived from the imposition of the tax. The adoption of Attachment A constitutes the adoption of an expenditure plan pursuant to subdivision (f) of Section 130350.5.”

- Section 130350.5 (b) (3) states, in part, “The MTA shall include all projects and programs described in the expenditure plan required under subdivision (f) in its Long Range Transportation Plan (LRTP).”

AB 2321 was approved by the Governor and Chaptered by the Secretary of the State on September 23, 2008. The Transactions and Use Tax authorized by Ordinance #08-01 was approved by voters (Measure R) on November 4, 2008.

I move to comply with California law and Measure R by amending Attachment A, as referenced in AB2321 and Ordinance #08-01, into Metro’s existing Long Range Transportation Plan.
41. RIDLEY-THOMAS MOTION:

As a result of the passage of President Obama’s economic stimulus recovery package, Metro will receive funding to execute a number of “shovel ready” projects throughout its service area. The intent of the funding is to promote economic development in Los Angeles County and to provide employment opportunities for local residents.

To ensure that these objectives are met, Metro seeks to establish a policy of local hiring on large construction projects that are executed with federal economic stimulus. One of Metro’s major program objectives must be to promote employment of individuals who reside in or near project areas and within the County of Los Angeles, and to provide employment and job training opportunities among populations affected by high unemployment.

I therefore move that the Board of Directors direct the Chief Executive Officer to establish a local hiring program to meet the objectives described herein, to ensure that the local community benefits through funds received by Metro.

42. CONSIDER extending the expiration of the option or exercising the option on Contract No. P2550 with AnsaldoBreda S.p.A. for 100 additional light rail vehicles.

43. APPROVE the Technical Advisory Committee process to implement the 75 day Los Angeles County deadline for up to $215 million (or up to $315 million with proposed state legislation) of flexible federal Regional Surface Transportation Program funds to cities and the County of Los Angeles for eligible transportation capital projects. This process establishes an interim deadline of April 17, 2009 for the cities and the County of Los Angeles to submit required grant paperwork to Caltrans District 7, after which any un-requested funding would be reallocated to those cities or the County of Los Angeles who have submitted grant requests.
