SUBJECT: PROJECT LABOR AGREEMENT/CONSTRUCTION CAREERS POLICY
ACTION: APPROVE FINAL AGREEMENT AND POLICY

RECOMMENDATION

A. Approve the attached master Project Labor Agreement (PLA) which has been negotiated with the Los Angeles/Orange County Building Trades Council, as authorized by previous Board action.

B. Approve the attached Construction Careers Policy (CCP) to provide guidance to staff and contractors to implement the PLA in Metro Construction projects.

ISSUE

The passage of Measure R has provided Metro with an opportunity to construct over $30 billion of rail and highway projects in Los Angeles County. These projects will require an extensive number of construction workers and will create opportunities for small businesses throughout the County to complete this high volume of highway and transit infrastructure work.

In September 2011, the Board adopted principles to encourage construction employment and training opportunities in ways calculated to mitigate the harms caused by geographically concentrated poverty and unemployment and disadvantaged workers throughout the United States. The Board authorized staff to negotiate a PLA with the Building Trades Council for implementation in Metro construction projects. Attachment A is a comparison of the adopted principles and the agreed-upon main points of the PLA.

DISCUSSION

Project Labor Agreement

The PLA (Attachment B) will cover all Metro construction projects, including but not limited to, Measure R Transit and Highway projects, with a life-of-project budget greater than $2.5 million and awarded by LACMTA. The current project list is
included as Attachment C to this report and is also an Attachment to the PLA. The list will be updated annually as construction projects are adopted in the annual budget.

The PLA includes a targeted hiring requirement of 40% with 10% disadvantaged workers. The definition of targeted workers means an individual whose primary place of residence is (1) within an extremely economically disadvantaged area, which is a zip code that includes a census tract, or portion thereof, in which the median annual household income is less than $27,500 per year; or, (2) within an economically disadvantaged area, which is a zip code that includes a census tract, or portion thereof, in which the median annual household income is less than $40,000 per year. The statistical data is measured and reported by the U.S. Census Bureau in the 2010 Census.

A disadvantaged worker is someone who, prior to working on the project, meets the income requirements of a targeted worker, and faces at least two of the following barriers to employment: 1) is homeless; 2) is a custodial single parent; 3) receives public assistance; 4) lacks a GED or high school diploma; 5) has a criminal record or involvement with criminal justice system; 6) has experienced chronic unemployment; 7) is emancipated from foster care; 8) is a veteran of the Iraq/Afghan war; and 9) is an apprentice with less than 15% of the hours required to graduate to journey-level.

For 100% locally funded projects, the targeted workers shall reside in LA County economically disadvantaged areas. For federally funded projects, the targeted workers shall reside in economically disadvantaged areas throughout the United States. The maps showing the impacted census tracts are included as Attachment E and the zip codes are included as Attachment F. The definitions and the language have been presented to the Federal Transit Administration for their concurrence to ensure that it does not violate federal regulations.

Construction Careers Policy

The purpose of the Construction Careers Policy (CCP) (Attachment D) is to encourage construction employment and training opportunities that will provide entry-level training opportunities that will result in sustained careers. The CCP includes the terms included in the PLA, as well as, additional information for LACMTA contractors to successfully implement the PLA.

Each Request for Proposal/Invitation for Bid issued by LACMTA on the construction projects will require the contractors to agree to the terms of the PLA and the CCP. The CCP is consistent with the PLA regarding the targeted hiring requirements. The CCP also provides direction for the responsibilities of the Contractor and the Jobs Coordinator hired by the contractor to implement the targeted hiring requirements. The CCP also confirms the Board’s decision to assess liquidated damages should the contractor fail to meet the targeted hiring requirements for the project.
DETERMINATION OF SAFETY IMPACT

Adoption of the PLA and the CCP will not impact safety of Metro's patrons or employees.

FINANCIAL IMPACT

The funding required to implement a PLA and CCP will be included in the budget in each capital construction project. The requirements to include the PLA, prepare a jobs program, hire a jobs coordinator, monitor labor compliance, and monitor DBE participation will be included in the competitive Requests for Proposal (RFP) for the contractors working on the major construction projects and will be part of the life-of-project budget for each project. Metro's responsibilities for monitoring compliance with the program and ensuring program success will be included in the Metro budget as each new project is approved by the Board.

Impact on Budget

Funding for implementation of the PLA and the CCP will be included in each capital project. The source of funds programmed for construction of MTA projects are generally not eligible for bus or rail operations.

ALTERNATIVES CONSIDERED

The Board could choose not to adopt the PLA or the CCP or, the Board could choose to modify the draft documents.

NEXT STEPS

Include the adopted PLA and CCP requirements in upcoming construction procurements for projects with a life-of-project greater than $2.5 million.

Attachment “A” – Letter of Assent

Attachment “C” – Memorandum of Understanding Testing Policy for Drug Abuse
PURPOSE

The purpose of this Project Labor Agreement (Agreement) is to facilitate careers in the construction industry and to promote employment opportunities during the construction of the Capital Improvement Projects, including, but not limited to, Measure R Transit Projects and Highway Projects, awarded by the Los Angeles County Metropolitan Transportation Authority (“LACMTA”), and to provide for the orderly settlement of labor disputes and grievances without strikes or lockouts, thereby promoting the public interest in assuring timely and economical completion of the covered projects.

WHEREAS, the LACMTA is responsible for the design and construction of the covered projects; and

WHEREAS, the successful completion of the covered projects is of utmost importance to the LACMTA and the general public of the County; and

WHEREAS, the work to be done will require maximum cooperation from the Parties; and

WHEREAS, increasing access to employment opportunities with prevailing wages is one way for the LACMTA to directly combat poverty and unemployment; and

WHEREAS, the LACMTA has adopted a Construction Careers Policy, which encourages construction employment and training opportunities in ways calculated to mitigate the harms caused by geographically concentrated poverty, unemployment and underemployment in economically disadvantaged and extremely economically disadvantaged areas and among disadvantaged workers throughout the United States; and

WHEREAS, this Agreement is not intended to have an adverse impact on the policy of the LACMTA to maximize business opportunities for minority, women and other small business enterprises in LACMTA contracts; and

WHEREAS, large numbers of workers of various skills will be required in the performance of the construction work, including those to be represented by the unions affiliated with the Los Angeles/Orange Counties Building and Construction Trades Council and any other craft labor organization which are signatory to this Agreement employed by contractors and subcontractors who are signatory to agreements with said labor organizations; and

WHEREAS, it is recognized that projects of this magnitude with multiple contractors and bargaining units on the job site at the same time over an extended period of time, the potential for work disruption is substantial without an overriding commitment to maintain continuity of work; and

WHEREAS, the interests of the general public, the LACMTA, the Unions, contractors, subcontractors, employers and workers would be best served if the construction work proceeded in an orderly manner free of disruption because of strikes, sympathy strikes, work stoppages, picketing, lockout, slowdowns or other interferences with work; and

WHEREAS, the Contractors/Employers and the Unions desire to mutually establish and stabilize wages, hours and working conditions for the workers employed on this Project by the Contractors/Employers, and further, to encourage close cooperation among the Contractors/Employers
and the Unions to the end that a satisfactory, continuous and harmonious relationship will exist among the parties to this Agreement; and

WHEREAS, this Agreement is not intended to replace, interfere with, abrogate, diminish, or modify existing local or national collective bargaining agreements in effect during the duration of this Agreement, insofar as a legally binding agreement exists between the Contractors/Employers and the affected Unions, except to the extent that the provisions of this Agreement are inconsistent with said collective bargaining agreements, in which event, the provisions of this Agreement shall prevail; and further, it is understood that Contractors/Employers are bound and shall remain bound, for the duration of this Agreement by the terms of this Agreement and applicable local and national collective bargaining agreements for the craft work performed, established between the signatory Unions and Contractors/Employers, in effect and covering the area of this Project; and

WHEREAS, this Agreement reflects a commitment by all parties to the diversity in the workforce hiring that reflect levels of minority, women, and other worker utilization at levels which are representative of the relevant workforce of these groups in the Greater Los Angeles County Area as determined by the U.S. Census Bureau; and

WHEREAS, the Parties signatory to this Agreement pledge their full good faith and trust to work towards a mutually satisfactory completion of the Project;

Construction Contract or portions of the Construction Contract. Should the LACMTA remove or terminate any contract or agreement for construction that does not fall within the scope of this Agreement and thereafter authorize that work be commenced on any contract for such construction, the contract for construction may, at the sole election of the LACMTA, be performed under the terms of this Agreement.

2.3 Project Labor Disputes: The provisions of this Agreement, including the Schedule A Agreements, (which are the local collective bargaining agreements of the signatory Unions having jurisdiction over the work on the Project, as such may be changed from time-to-time and which are incorporated herein by reference) shall apply to the work covered by this Agreement. Where a subject is covered by a provision in a Schedule A Agreement and not covered by this Agreement, the provision of the Schedule A Agreement shall prevail. Such engagement shall be only to meet immediate and limited needs until such qualified inspectors working under the Agreement are available.

ARTICLE III
EFFECT OF AGREEMENT

3.1 By executing the Agreement, the Unions and the LACMTA agree to be bound by each and every provision of this Agreement. This Agreement is not intended to supersede collective bargaining agreements between any of the Contractors/Employers performing construction work on the Project and Union Signatory thereto except to the extent the provisions of this Agreement are inconsistent with such collective bargaining agreement, in which event the provisions of this Agreement shall apply. However, such does not apply to work performed under the NTL Articles of Agreement, the National Cooling Tower Agreement, the National Stack Agreement, the National Transit Division Agreement (NTD), or the National Agreement of the International Unions of Elevator Constructors and all instrument calibration work and loop checking shall be performed under the terms of the UA/IBEW Joint National Agreement for Instrument and Control Systems Technicians, however, provisions of this Agreement dealing with Work Stoppages and Lock-Outs, Work Assignments and Jurisdictional Disputes, and Settlement of Grievances and Disputes shall apply to such work. It is specifically agreed that no later agreement shall be deemed to have precedence over this Agreement unless signed by all parties signatory hereto who are then currently employed or represented at the Project.

3.2 It is understood that this Agreement constitutes a self-contained, stand-alone agreement and that, by virtue of having become bound to this Agreement, the C/S/E will not be obligated to sign

LACMTA and LA/OCBCTC PLA Tentative Agreement
any local, area or national collective bargaining agreement as a condition of performing work within the scope of this Agreement.

3.3 It is agreed that all C/S/Es of whatever tier, who have accepted the award of a Construction Contract or who have been awarded contracts for work covered by this Agreement, shall be required to accept and be bound to the terms and conditions of this Project Labor Agreement, and shall evidence their acceptance by the execution of the Letter of Assent as set forth in Exhibit A hereto, prior to the commencement of work. At the time that any Contractor enters into a subcontract with any subcontractor of any tier providing for the performance on the construction contract, the Contractor shall provide a copy of this Agreement to said subcontractor and shall require the subcontractor, as a part of accepting the award of a construction subcontract, to agree in writing in the form of a Letter of Assent to be bound by each and every provision of this Agreement prior to the commencement of work on the Project. No contractor or subcontractor shall commence Project Work without having first provided a copy of the Letter of Assent as executed by it to the Project Labor Coordinator 48 hours before the commencement of Project Work, or within 48 hours after the award of Project Work to that C/S/E, whichever occurs later. Further, Contractors not signatory to the established Joint Labor/Management Trust Fund Agreements, as described in the Schedule A Agreement(s) for the craft workers in their employ, shall sign a “subscription agreement” with the appropriate Joint Labor/Management Trust Funds covering the work performed under this agreement before work is commenced on the Project.

3.5 This Agreement shall only be binding on the signatory C/S/Es hereto in regards to the Construction Contract and shall not apply to the parents, affiliates, subsidiaries, or other ventures of any C/S/Es or any other contract for construction or project to which this Agreement does not apply.

3.6 This Agreement shall be included as a general condition of the Construction Contract for the Project.

ARTICLE IV
WORK STOPPAGES AND LOCKOUTS

4.1 During the term of this Agreement there shall be no strikes, picketing, work stoppages, slowdowns or other disruptive activity for any reason by the Union, its applicable Local Union or by any employee, and there shall be no lockout by the Contractor. Failure of any Union, Local Union or employee to cross any picket line established at the Project site is a violation of this Article. Any damages resulting from any violation of this Agreement will be paid by the violating party.

4.2 The Union and its applicable Local Union shall not sanction, aid or abet, encourage or continue any work stoppage, strike, picketing or other disruptive activity at the Contractor's project site and shall undertake all reasonable means to prevent or to terminate any such activity. No employee shall engage in activities which violate this Article. Any employee who participates in or encourages any activities which interfere with the normal operation of the Project shall be subject to disciplinary action, including discharge, and if justifiably discharged for the above reasons, shall not be eligible for rehire on the Project for a period of not less than ninety (90) days.

4.3 The Unions agree that they shall not sanction, aid or abet, encourage or continue any work stoppage, strike, picketing or other disruptive activity at the Project site. If any Union is notified of any offsite work stoppage, strike, picketing or other disruptive activity by the Union that will
economically and/or materially affect the completion of the Project, the Union will promptly make good
efforts to cease such Project work disruption. Any such costs that economically and/or materially harm
the LACMTA shall be borne by the affected Union and made payable to the LACMTA.

4.4 Neither the Union nor its applicable Local Union shall be liable for independent acts of
employees for whom it has no responsibility. The International Union General President or Presidents
will immediately instruct, order and use the best efforts of his office to cause the Local Union or Unions
to cease any violations of this Article. An International Union complying with this obligation shall not
be liable for unauthorized acts of its Local Union. The principal officer or officers of a Local Union will
immediately instruct, order and use the best efforts of his office to cause the employees the Local Union
represents to cease any violations of this Article. A Local Union complying with this obligation within
two business days shall not be liable for unauthorized acts of employees it represents. The failure of the
C/S/E to exercise its right in any instance shall not be deemed a waiver of its right in any other instance.

4.5 Expiration of Local Agreements. If local, regional, and other applicable labor agreements
expire during the term of this Agreement, it is specifically agreed that there shall be no strike, sympathy
strike, picketing, lockout, slowdown, withholding of work, refusal to work, walk-off, sick-out, sit-down,
stand-in, wobble, boycott or other work stoppage, disruption, advising of the public that a labor dispute
exists, or other impairment of any kind as a result of the expiration of any local, regional or other
applicable labor agreement having application at any LACMTA project and/or failure of the parties to
that agreement to reach a new contract. Terms and conditions of employment established and set for
purposes of prevailing wage requirements under such labor agreements or as required by law at the time
of bid or thereafter shall remain established and set. Otherwise to the extent that such a local, regional,
or other applicable labor agreement does expire and the parties to that agreement have failed to reach
agreement on a new contract, work will continue on the Project on one of the following two basis, both
of which will be offered by the Unions involved to the Contractors/Employers affected:

4.5.1 Each of the Unions with a contract expiring must offer to continue working on the
Project under interim agreements that retain all the terms of the expiring contract, except
that the Unions involved in such expiring contracts may each propose wage rates and
employer contribution rates to employee benefit funds under the prior contract different
from what those wage rates and employer contributions rates were under the expiring
contracts provided, however, that the proposal does not violate state and/or federal
prevailing wage laws required to be paid on public works projects. The terms of the
Union's interim agreement offered to Contractors/Employers will be no less favorable
than the terms offered by the Union to any other employer or group of employers
covering the same type of construction work in Los Angeles County.

4.5.2 Each of the Unions with a contract expiring must offer to continue working on the
Project under all the terms of the expiring contract, including the wage rates and
employer contribution rates to the employee benefit funds, provided that said wage rates
comply with state and/or federal prevailing wage laws, if the Contractors affected by that
contract agree to the following retroactivity provisions: if a new local, regional or other
applicable labor agreement for the industry having application at the Project is ratified
and signed during the term of this Agreement and if such new labor agreement provides
for retroactive wage increases, then each affected Contractor shall pay to its employees
who performed work covered by the Agreement at the Project during the hiatus between
the effective dates of such labor agreements, an amount equal to any such retroactive
wage increase established by such new labor agreement, retroactive to whatever date is provided by the new local, regional or other applicable agreement for such increase to go into effect, for each employee's hours worked on the Project during the retroactive period. An agreed labor agreement must not violate any requirements of state and/or federal prevailing wage laws. All parties agree that such affected C/S/E shall be solely responsible for any retroactive payment to its employees and that neither the LACMTA nor any other Contractor has any obligation, responsibility or liability whatsoever for any such retroactive payments or collection of any such retroactive payments, from any such Contractor.

4.5.3 Some Contractors may elect to continue to work on the Project under the terms of the interim agreement option offered under 4.5.1 above and other Contractors may elect to continue to work on the Project under the retroactivity option offered under 4.5.2 above. To decide between the two options, Contractors will be given one (1) week after the particular labor agreement has expired or one week after the Union has personally delivered to the Contractor in writing its specific offer of terms of the interim agreement pursuant to 4.5.1 above, whichever is the later date. If the Contractor fails to timely select one of the two options, the Contractor shall be deemed to have selected the option of 4.5.2.

4.6 Expedited Arbitration will be utilized for all work stoppages and lockouts. In lieu of or in addition to any other action at law or equity, any party may institute the following procedure when a breach or violation of this Article IV is alleged to have occurred:

4.6.1 The party invoking this procedure shall notify the permanent arbitrator next in sequence from the following list:

1. Joseph Gentile
2. Michael Rappaport
3. Walter Daugherty
4. Sara Adler
5. Mai Ling Bickner

The Parties agree these shall be the five permanent Arbitrators under this procedure. In the event that none of the five permanent Arbitrators are available for a hearing within 24 hours, the party invoking the procedure shall have the option of delaying until one of the five permanent Arbitrators is available or of asking the permanent Arbitrator that would normally hear the matter to designate an arbitrator to sit as a substitute Arbitrator for this dispute. If any of the permanent Arbitrators ask to be relieved from their status as a permanent Arbitrator, the Parties shall mutually select a new permanent Arbitrator from the following list of arbitrators:

1. John Kagel
2. Walter Dougherty
3. William Rule

Selection shall be made by each party alternately striking from the foregoing list until one name remains who shall be the replacement permanent Arbitrator. Expenses incurred in
arbitration shall be borne equally by the Union and the C/S/E involved and the decision of the Arbitrator shall be final and binding on both Parties, provided, however, that the Arbitrator shall not have the authority to alter or amend or add to or delete from the provisions of this Agreement in any way. Notice to the Arbitrator shall be by the most expeditious means available, including by telephone and by facsimile or telegram to the party alleged to be in violation and to the Council and involved local Union if a Union is alleged to be in violation.

4.6.2 Upon receipt of said notice, the Arbitrator shall convene a hearing within twenty-four (24) hours if it is contended that the violation still exists.

4.6.3 The Arbitrator shall notify the Parties by telephone and by facsimile or telegram of the place and time for the hearing. Notice shall be given to the individual Unions alleged to be involved and to the Council. Said hearing shall be completed in one session, which, with appropriate recesses at the Arbitrator’s discretion, shall not exceed twenty-four (24) hours unless otherwise agreed upon by all Parties. A failure of any party to attend said hearings shall not delay the hearing of evidence or the issuance of any decision by the Arbitrator.

4.6.4 The sole issue at the hearing shall be whether or not a violation of Section 4.1 or 4.2 of this Article IV has in fact occurred. The Arbitrator shall have no authority to consider any matter of justification, explanation or mitigation of such violation or to award damages, which issue is reserved for court proceedings, if any. The decision shall be issued in writing within three (3) hours after the close of the hearing, and may be issued without a written opinion. If any party desires a written opinion, one shall be issued within fifteen (15) days, but its issuance shall not delay compliance with or enforcement of the decision. The Arbitrator may order cessation of the violation of this Article and other appropriate relief and such decision shall be served on all Parties by hand or registered mail upon issuance.

(5) Such decision may be enforced by any Court of competent jurisdiction upon the filing of this Agreement and all other relevant documents referred to above in the following manner. Written notice of the filing of such enforcement proceedings shall be given to the other party. In the proceeding to obtain a temporary order enforcing the Arbitrator’s decision as issued under Section 4.6.4 of this Article, all Parties waive the right to a hearing and agree that such proceedings may be ex parte. Such agreement does not waive any party’s right to participate in a hearing for a final order of enforcement. The Court’s order or orders enforcing the Arbitrator’s decision shall be served on all Parties by hand or delivered by registered mail.

4.6.6 Any rights created by statute or law governing arbitration proceedings inconsistent with the above procedure or which interfere with compliance therewith are hereby waived by the Parties to whom they accrue.

4.6.7 The fees and expenses incurred in arbitration shall be divided equally by the Parties to the arbitration, including Union(s) and the C/S/E(s) involved.

4.7 The procedures contained in Section 4.6 shall be applicable to alleged violations of Article IV to the extent any conduct described in Section 4.1 or 4.2 occurs on the Project. Disputes alleging
violation of any other provision of this Agreement, including any underlying disputes alleged to be in
justification, explanation, or mitigation of any violation of Section 4.1 or Article IV shall be resolved
under the applicable grievance adjudication procedures for these other Articles.

4.8 Notwithstanding any provision of this Agreement to the contrary, it shall not be a violation
of this Agreement for any Union to withhold the services of its members (but not the right to picket)
from a particular C/S/E who:

4.8.1 fails to timely pay its weekly payroll; or

4.8.2 fails to make timely payments to the Union’s Joint Labor/Management Trust
Funds in accordance with the provisions of the applicable Schedule A Agreements. Prior
to withholding its members services for the Contractor’s failure to make timely payments
to the Union’s Joint Labor/Management Trust Funds, the Union shall give at least ten
(10) days (unless a lesser period of time is provided in the Union’s Schedule A
Agreement, but in no event less than forty-eight (48) hours) written notice of such failure
to pay by registered or certified mail, return receipt requested, and by facsimile
transmission to the involved Contractor and to the LACMTA. The Union will meet
within the ten (10) day period to attempt to resolve the dispute.

4.8.3 Upon the payment of the delinquent Contractor of all monies due
and then owing for wages and/or fringe benefit contributions, the Union shall direct its
members to return to work and the Contractor shall return all such members back to
work.

ARTICLE V
NO DISCRIMINATION

5.1 Consistent with Executive Order 11246 and applicable federal and state law and
regulation, the C/S/Es and Unions agree not to engage in any form of discrimination on the ground of, or
because of, race, religion, national origin, ancestry, sex, sexual orientation, age, physical handicap,
marital status, medical condition, political affiliation, or membership in a labor organization.

5.2 Any employee covered by this Agreement which believes he/she has been
discriminated against, in violation of section 5.1 above, shall be referred to the appropriate state and/or
federal agency for the resolution of such dispute.

ARTICLE VI
UNION SECURITY

6.1 The C/S/Es recognize the Unions as the sole and exclusive bargaining representatives of
all craft employees working within the scope of this Agreement.

6.2 No employee covered by this Agreement shall be required to join any Union as a
condition of being employed, or remaining employed, for the completion of the Project work. The
C/S/E shall, however, require all employees working on the Construction Contract, to the extent which
this Agreement applies, for a cumulative total of eight (8) or more working days, to comply with the
applicable Union's security provisions for the period during which they are performing on-site Project
work to the extent, as permitted by law, of rendering payment of the applicable monthly dues and any working dues only, as uniformly required of all craft employees while working on the Project and represented by the applicable signatory unions. However, any employee who is a member of a Union at the time the referring Union refers the employee, shall maintain that membership in good standing while employed on the Construction Contract.

ARTICLE VII
REFERRAL

7.1 The C/S/Es recognize that the Unions shall be the primary source of all craft labor employed on the Construction Contract for the Project. The Unions will exert their best efforts to recruit and identify individuals, particularly Local or National Targeted Workers, as well as those referred by the Jobs Coordinator, for entrance or reentrance into the labor/management apprenticeship programs, and to assist individuals in qualifying and becoming eligible for such programs. C/S/Es utilizing core employees shall follow the procedures outlined below:

7.1.1 The C/S/E worker shall be considered a Core Worker for the purposes of this Article if the employee’s name appeared on the C/S/E’s active payroll for fifty (50) of the one hundred (100) days immediately before the award of the Project Work to the C/S/E and meets the required definition of 1.7 above,

7.1.2 Each C/S/E shall identify Core Workers in their Employment Hiring Plan and shall provide payroll records evidencing the worker’s qualification as a Core Worker upon request by LACMTA or any other party to this Agreement. The number of Core Workers on the Project for C/S/Es covered by this Agreement shall be governed by the following procedure: one Core Worker shall be selected and one worker from the hiring hall of the affected trade or craft and this process shall repeat until such C/S/E’s requirements are met or until such C/S/E has hired five (5) such Core Workers for that craft, whichever occurs first. Thereafter, all additional employees in the affected trade or craft shall be hired exclusively from the applicable hiring hall list. In the event of a reduction-in-force or layoff, such will take place in a manner to assure that the number of remaining Core Workers in the affected craft does not exceed, at any time, the number of others working in that craft who were employed pursuant to other procedures available to the C/S/E under this Agreement. This provision applies only to employees not currently working under a current master labor agreement and is not intended to limit transfer provisions of current master labor agreements of any trade. As part of this process, and in order to facilitate the contract administration procedures, as well as appropriate benefit fund coverage, all contractors shall require their “Core Work Force” and any other persons employed, other than through the referral process, to register with the appropriate hiring hall, if any, of the signatory union prior to said employee’s first day of employment at the project site.

7.2 C/S/Es shall be bound by and utilize the registration facilities and referral systems established or authorized by this Agreement and the signatory Unions when such procedures are not in violation of state or federal law or in conflict with provisions set forth in this Agreement.

7.3 In the event that referral facilities maintained by the unions are unable to fill the requisition of a C/S/E for Local or National Targeted Workers within forty-eight (48) hours (excluding
Saturdays, Sundays and holidays), the C/S/E shall be free to obtain Local or National Targeted Workers from any source. If the Union’s registration and referral system does not fulfill the requirements for specific classifications of covered classifications requested by any C/S/E within forty-eight (48) hours (excluding Saturdays, Sundays and holidays), that C/S/E may use employment sources other than the union registration and referral services, and may employ any applicants meeting such standards from any other available source. The contractor shall inform the Union of any applicants hired from other sources within 48 hours of such applicant being hired, and such applicants shall immediately register with the appropriate hiring hall, if any.

7.3.1 The C/S/Es must document all efforts made to comply with the targeted hiring process to locate and hire Local Targeted Workers and National Targeted Workers.

7.3.2 The C/S/E shall inform the Unions, Job Coordinator and LACMTA of the name, address, worker craft classification and social security number of any worker hired from other sources upon their employment on the Project(s).

7.3.3 No Local or National Targeted Worker, having been pre-screened and pre-qualified by the Jobs Coordinator, and employed by the C/S/E to work on the Project, shall be required to participate in any Joint Labor/Management “boot camp” or pre-apprentice program that will unnecessarily delay the Targeted Local or National Worker’s start of work or cause said worker’s termination due to having to participate in such “boot camps” or pre-apprentice programs.

7.4 Unions will be required to recruit sufficient numbers of skilled craft persons to fulfill the requirements of the Contractors/Employers.

7.5 Covered Projects Other Than Federally-Funded Projects

7.5.1 On Covered Projects other than Federally-Funded Projects, the Unions will make every effort to recruit Local Targeted Workers and to refer and utilize Local Targeted Workers on the Project. The C/S/Es shall submit written documentation to the LACMTA on a quarterly basis, or as required by LACMTA, which sets forth the steps taken by the C/S/Es to recruit, refer and utilize qualified Local Targeted Workers recruited by the Unions and referred to or utilized on the Project. In recognition of LACMTA policy to utilize Local Targeted Workers, the Unions and C/S/Es agree that as long as they possess the requisite skills and qualifications, Local Targeted Workers, with priority given to Community Area Residents, shall be first referred for Project work, including journeypersons and apprentices.

7.5.2 On Covered Projects other than Federally-Funded Projects, the C/S/Es and Unions are responsible for ensuring that the following Targeted Hiring Requirements are met.

(a) A minimum of 40% of all hours of Project Work shall be performed by Local Targeted Workers, with priority given to Community Area Residents. For any hour of Project Work for which the C/S/E seeks to meet this requirement, the C/S/E and Unions must first refer Community Area Residents. After Unions and C/S/Es have exhausted the available pool of Community Area Residents, they
may refer any Local Residents from Extremely Economically Disadvantaged Areas in Los Angeles County; when the C/S/Es have exhausted the available pool, they must refer Local Residents from Economically Disadvantaged Areas in Los Angeles County.

(b) A minimum of 10% of all hours of Project Work shall be performed by Disadvantaged Workers whose primary place of residence is within Los Angeles County.

(c) At least 20% of total work hours on each project will be performed by apprentices, but the hours performed by apprentices in each individual craft shall not exceed the ratio to journeyman established by the applicable craft union’s DAS approved apprenticeship standards. The parties agree that Local Targeted Workers will perform 50% of all apprenticeship hours worked on the Project.

7.5.3 In determining compliance with the targeted hiring requirements of Section 7.5.2 above, hours of Project Work performed by residents of states other than California will be excluded from the calculation.

7.5.4 Apprentice Hiring Requirements for Covered Projects other than Federally-Funded Projects.

(a) All C/S/Es performing Project Work will make every effort to employ the maximum number of Apprentices allowed by State Law.

(b) The LACMTA will seek to make available through this Agreement or other means, significant apprenticeship opportunities for Local Targeted Workers, consistent with Section 7.5(1) above.

(c) Any apprentice must come from an apprenticeship program as defined in 1.2 above.

(d) Unions shall track retention of Apprentices hired under the Policy through completion of the Project Work. The signatory unions shall collect the tracking information and shall submit quarterly retention reports to the LACMTA in the agreed-upon format.

(e) If the applicable Union is not able to refer an apprentice from a specific Economically Disadvantaged Areas or Extremely Economically Disadvantaged Area in Los Angeles County, the Union will indenture a new apprentice from that Area and the C/S/E shall act as employer-sponsor for such apprentice, consistent with Section 7.5(1) and cover 25% of sponsorship fees for any such Apprentice hired. The amount covered by the C/S/E may be paid to the new Apprentice over the first three (3) paychecks.
(f) The C/S/E shall provide to the LACMTA, information regarding any reasons given by apprenticeship programs for not accepting Contractor-referred Local Targeted Workers into apprenticeship programs.

(g) All apprentices shall work under the direct supervision of a journeyman from the trade in which the apprentice is indentured. A journeyman shall be defined as set forth in the California Code of Regulations, Title 8 [apprenticeship] section 205, which defines a journeyman as a person who has either completed an accredited apprenticeship in his or her craft, or has completed the equivalent of an apprenticeship in length and content of work experience and all other requirements in the craft which has workers classified as journeyman in the apprenticeable occupation. Each C/S/E shall provide adequate proof evidencing the worker's qualification as a journeyman.

7.6 Covered Federally-Funded Projects

7.6.1 On Federally-Funded Projects, the Unions will make every effort to recruit National Targeted Workers and to refer and utilize National Targeted Workers on the Project. The C/S/Es shall submit written documentation to LACMTA on a quarterly basis, or as required by LACMTA, which sets forth the steps taken by the C/S/Es to recruit, refer and utilize qualified National Targeted Workers recruited by the Unions and referred to or utilized on the Project. In recognition of LACMTA's policy to utilize National Targeted Workers, the Unions and Contractors/Employers agree that as long as they possess the requisite skills and qualifications National Targeted Workers shall be first referred for Project work, including journeypersons and apprentices.

7.6.2 On Federally-Funded Projects, the C/S/Es and Unions are responsible for ensuring that the following Targeted Hiring Requirements are met.

(a) A minimum of 40% of all hours of Project Work shall be performed by National Targeted Workers, with priority given to residents of Extremely Economically Disadvantaged Areas in the United States. For any hour of Project Work for which the C/S/E seeks to meet this requirement, the C/S/E and Unions must first refer residents of Extremely Economically Disadvantaged Areas in the United States. After Unions and C/S/Es have exhausted the available pool of residents of Extremely Economically Disadvantaged Areas, they may refer any National Targeted Worker.

(b) A minimum of 10% of all hours of Project Work shall be performed by Disadvantaged Workers who are residents of the United States.

(c) At least 20% of total work hours on each project will be performed by apprentices, but the hours performed by apprentices in each individual craft shall not exceed the ratio to journeyman established by the applicable craft union’s DAS approved apprenticeship standards. The parties agree that National Targeted Workers will perform 50% of all apprenticeship hours worked on the Project.
7.6.3 Apprentice Hiring Requirements on Federally Funded Projects

(a) All Contractors/Employers performing Project Work will make every effort to employ the maximum number of Apprentices allowed by State Law.

(b) The LACMTA will seek to make available through this Agreement or other means, significant apprenticeship opportunities for National Targeted Workers, consistent with Section 7.6(1) above.

(c) Any apprentice must come from an apprenticeship program as defined in 1.2 above.

(d) Unions shall track retention of Apprentices hired under the Policy through completion of the Project Work. The signatory unions shall collect the tracking information and shall submit quarterly retention reports to the LACMTA in the agreed upon format.

(e) If the applicable Union is not able to refer an apprentice from a specific Extremely Economically Disadvantaged Area or Economically Disadvantaged Area in the United States, the Union will indenture a new apprentice from that Area and the C/S/E shall act as employer-sponsor for such apprentice, consistent with Section 7.5(1) and cover 25% of sponsorship fees for any such Apprentice hired. The amount covered by the C/S/E may be paid to the new Apprentice over the first three (3) paychecks.

(f) The C/S/E shall provide to the LACMTA, information regarding any reasons given by apprenticeship programs for not accepting Contractor-referred National Targeted Workers into apprenticeship programs.

(g) All apprentices shall work under the direct supervision of a journeyman from the trade in which the apprentice is indentured. A journeyman shall be defined as set forth in the California Code of Regulations, Title 8 [apprenticeship] section 205, which defines a journeyman as a person who has either completed an accredited apprenticeship in his or her craft, or has completed the equivalent of an apprenticeship in length and content of work experience and all other requirements in the craft which has workers classified as journeyman in the apprenticeable occupation. Each C/S/E shall provide adequate proof evidencing the worker's qualification as a journeyman.

7.7 The Disadvantaged Workers will be referred to the Unions from the Jobs Coordinator qualified to perform construction jobs coordination and related services. The Jobs Coordinator shall pre-screen and/or pre-qualify any applicant prior to referral to the Unions. Drug screening will be a prerequisite to employment. As references in 1.8 above, Disadvantaged Workers must meet at least two of the following criteria:

7.7 The C/S/E shall be the sole judge of the qualifications of any employee including those referred to the C/S/E by any source.

7.8 There shall be no limitation or restriction upon the choice of materials or upon the full use and installation of equipment, machinery, package units, factory precast, prefabrication or preassembled materials, tools or other labor saving device.

7.9 Helmets to Hardhats:

7.9.1 The C/S/Es and the Unions recognize a desire to facilitate the entry into the building and construction trades of veterans who are interested in careers in the building and construction trades industry. The C/S/Es and Unions agree to utilize the services of the Center for Military Recruitment, Assessment and Veterans Employment (hereinafter "Center") and the Center's "Helmets to Hardhats" Program to serve as a resource for preliminary orientation, assessment of the construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring, support network, employment opportunities and other needs as identified by the parties.

7.9.2 The Unions and Employers agree to coordinate with the Center to reach out to veterans interested in entering into a construction career.

If a prevailing rate increases under law, the C/S/E shall pay that rate as of its effective date under the law. Notwithstanding Section 2.3, this Agreement does not relieve C/S/E from any independent contractual or other obligation they may have to pay wages in excess of the prevailing wage rate as required.

Each of the Unions will assign a representative to this Project for the purpose of completing the construction of the Project economically, efficiently, continuously, and without interruptions, delays, or work stoppages.

10.2 The C/S/Es, Unions, and the employees, collectively and individually, realize the importance to all Parties to maintain continuous and uninterrupted performance of the work of the Project, and agree to resolve disputes in accordance with the grievance-arbitration provisions set forth in this Article.

10.3 Any question or dispute arising out of and during the term of this Agreement, other than disputes arising under Article IV (Work Stoppages and Lockouts, Article XII (Jurisdictional Disputes) and Article XIII (Employee Grievance Procedure) shall be considered a grievance and subject to resolution under the following procedures:

Step 1: Within five (5) business days after notice of the dispute, the Business Representative of the involved Local Union or District Council, or his/her designee, and the representative of the involved C/S/E shall meet and attempt to resolve the dispute.

Step 2: In the event that the representatives are unable to resolve the dispute at the Step 1 meeting, the grieving party shall, within five (5) business days after the Step 1 meeting, notify the responding party and the Joint Administrative Committee (“JAC”) of a request to discuss the grievance. The Business Manager of the Union (or his/her designee) shall meet with the respective jobsite representative of the C/S/E and the JAC within ten (10) business days (or such longer time as all of the parties may mutually agree) after receipt of the request to discuss the grievance. If the grievance is not resolved at the JAC meeting, the grievance may be submitted to final and binding arbitration as described in Step 3.

Step 3: In the event a dispute cannot be satisfactorily resolved within the time limits established above in Step 2, either party may submit the dispute to arbitration by written notice to the other party of their intent to submit the dispute to arbitration within ten (10) business days (or such longer time as mutually agreed) of the date on which the parties met with the JAC. The failure of any party to attend said hearing shall not delay the hearing of evidence or the issuance of any decision by the arbitrator. Should any party seek confirmation of the award made by the arbitrator, the prevailing party shall be entitled to receive its reasonable attorney fees and costs.

10.4 The LACMTA shall be notified of all actions at Steps 2 and 3 and shall, upon its request, be permitted to participate in all proceedings at these steps.

10.5 The time limits specified in any step of the Dispute Resolution Procedure set forth in Section 10.3 may be extended by mutual agreement of the parties initiated by the written request of one party to the other, at the appropriate step of the dispute procedure. However, failure to process a dispute, or failure to respond in writing within the time limits provided above, without a request for an extension of time, shall be deemed a waiver of such dispute without prejudice, or without precedent to the processing and/or resolution of like or similar disputes.

10.6 In order to encourage the resolution of disputes at Steps 1 and 2 of the dispute procedure, the parties agree that any settlements made during such steps, shall not be precedent setting.

10.7 The fees and expenses incurred by the arbitrator, as well as those jointly utilized by the parties (i.e. conference room, court reporter, etc.) in arbitration, shall be divided equally by the Parties to the arbitration, including Union(s) and C/S/E(s) involved.

11.2 The JAC shall meet as required to review the implementation of this Agreement and the progress of the Project and resolve problems or disputes by majority vote with such resolutions to be binding on all signatories of the Agreement as provided herein. A unanimous decision of the JAC shall be final and binding upon all Parties. However, the JAC shall have no authority to make determinations upon or to resolve grievances arising under this Agreement.

11.3 A quorum will consist of at least two (2) LACMTA and two (2) signatory union
representatives. For voting purposes, only an equal number of LACMTA and signatory union representatives present may constitute a voting quorum.

12.2 All Jurisdictional Disputes on this Project, between or among Building and Construction Trades Unions and C/S/Es shall be settled and adjusted according to the present Plan established by the Building and Construction Trades Department. Decisions rendered shall be final, binding, and conclusive on the C/S/Es and Unions. A decision shall not award back pay or any other damages for a misassignment of work, nor may any party bring an independent action for back pay or any other damages based upon a decision of an Arbitrator, except that a party may seek back pay or damages for a period of non-compliance with an Arbitrator’s decision from any party that fails to comply with such decision within seven (7) business days of the issuance of the Arbitrator’s decision.

ARTICLE XVI
MANAGEMENT RIGHTS

14.1 The C/S/Es retain full and exclusive authority for the management of their operations. This includes, but is not limited to, the right to direct their working force and to establish coordinated working hours and starting times, which shall not be in conflict with the Schedule A Agreements.

14.2 There shall be no limit on production by workers or restrictions on the full use of tools or equipment. Craftsmen using tools shall perform any of the work of the trades and shall work under the direction of the craft foremen. There shall be no restrictions on efficient use of manpower other than as may be required by safety regulations. The C/S/Es may utilize the most efficient methods or techniques of construction, tools or other labor-saving devices to accomplish the work. Restrictive practices not a part of the terms and conditions of this Agreement will not be recognized.

14.3 The C/S/E shall be the sole judge of the number and classifications of employees required
to perform work subject to this Agreement. The C/S/E shall have the absolute right to hire, promote, suspend, discharge or lay off employees at their discretion and to reject any applicant for employment, subject to the provisions of the respective craft collective bargaining agreement between the particular C/S/E and Union and pursuant to this Agreement.

14.4 Nothing in this Agreement shall be construed to limit the right of any of the C/S/Es to select the lowest bidder he deems qualified for the award of contracts or subcontracts or material, supplies, or equipment purchase orders on the Project. The right of ultimate selection remains solely with the C/S/E in accordance with the Construction Contract or Inspection Services Contract.

14.5 It is recognized that certain materials, equipment and systems of a highly technical or technological and specialized nature will have to be installed at the Project. The nature of the materials or the nature of the equipment and systems, together with requirements of manufacturer's warranty, dictate that it be prefabricated, pre-piped, prewired and/or installed under the supervision and direction of the LACMTA's C/S/E's and/or manufacturer's personnel. The Unions agree that such materials, equipment and systems may be installed under the supervision and direction of the LACMTA representative, the C/S/E's or the manufacturer's personnel. The Unions agree that such materials, equipment and systems shall be installed without the occurrence of any conduct described in Sections 4.1 and 4.2.

ARTICLE XV
SAFETY, PROTECTION OF PERSON AND PROPERTY

15.1 It shall be the responsibility of each C/S/E to ensure safe working conditions and employee compliance with any safety rules contained herein or established by the LACMTA, the state and the C/S/E. It is understood that the employees have an individual obligation to use diligent care to perform their work in a safe manner and to protect themselves and the property of the C/S/E and the LACMTA.

15.2 Employees shall be bound by the safety, security and visitor rules established by the C/S/E and the LACMTA. These rules will be published and posted in conspicuous places by the C/S/E throughout the work site. An employee's failure to satisfy his obligations under this Section will subject him to discipline, including discharge.

15.3 The Parties acknowledge that the LACMTA and C/S/E have a policy, which prohibits the use, sale, transfer, purchase and/or possession of a controlled substance, alcohol and/or firearms while on the LACMTA's premises. Additionally, the C/S/E has a "drug free" work place policy, which prohibits those working on the Project from having a level of alcohol in their system, which could indicate impairment, and/or any level of controlled substances (i.e., illegal drugs) in their system.

15.4 To that end, the Parties agree that the Labor/Management Memorandum of Understanding (MOU) on Drug Abuse Prevention and Detection negotiated with the various General Contractor Associations and the Basic Trades' Unions (Titled Memorandum of Understanding Testing Policy for Drug Abuse; International Union of Operating Engineers Local Union No. 12; Revised June 2009 as shown in Exhibit C) shall be the policy and procedure utilized under this agreement.

ARTICLE XVI

22
LACMTA and LA/OCCBTC PLA Tentative Agreement
SAVINGS CLAUSE

16.1 The Parties agree that in the event any article, provision, clause, sentence or work of the Agreement is determined to be illegal or void as being in contravention of any applicable law, by a court of competent jurisdiction, the remainder of the Agreement shall remain in full force and effect. The Parties further agree that if any article, provision, clause, sentence or word of the Agreement is determined to be illegal or void, by a court of competent jurisdiction, the parties shall substitute, by mutual agreement, in its place and stead, an article, provision, sentence or work which will meet the objections to its validity and which will be in accordance with the intent and purpose of the article, provision, clause, sentence or word in question.

16.2 The Parties also agree that in the event that a decision of a court of competent jurisdiction materially alters the terms of the Agreement such that the intent of the Parties is defeated, then this entire Agreement shall be null and void.

16.3 If a court of competent jurisdiction determines that all or part of the Agreement is invalid and/or enjoins the LACMTA from complying with all or part of its provisions, no C/S/E or Union would be bound by the provisions of Article IV. The Unions and their members shall remain bound to Article IV with respect to all C/S/Es who remain bound to this Agreement, and no action taken by the Unions or their members shall disrupt the work of such C/S/E.

16.4 The provisions of this Agreement shall not be applicable where prohibited by Presidential Executive Order, Federal or State law, or where the application would be inconsistent with terms and conditions of a grant or a contract with the agency of the United States, State of California, or the instruction of an authorized representative of these agencies with respect to any grant or contract.

ARTICLE XVII
PRE-JOB CONFERENCE

17.1 Each C/S/E will conduct a pre-job conference with the appropriate affected Union(s) and the Council prior to commencing work. The C/S/E shall notify the Council ten (10) days in advance of all such conferences. Subcontractors of all tiers will be advised in advance of all such conferences and shall participate. All work assignments should be disclosed by the C/S/E at a pre-job conference held in accordance with industry practice. Should a Union dispute a work assignment which has been disclosed and discussed at the pre-job meeting with the Union Representative present, it shall proceed to file a claim with the Plan pursuant to Article XII of this Agreement. Should there be any formal jurisdictional dispute raised, the Prime Contractor shall be promptly notified. If the C/S/E intends to change the work assignment after the pre-job conference or to make an assignment of work not previously known, the C/S/E must notify the appropriate affected craft union(s) prior to the commencement of work. If any Union has a dispute over such changed or newly discovered assignment, such Union shall proceed to file a claim with the Plan pursuant to Article XII of this Agreement.

ARTICLE XVIII
STEWARD

18.1 Each Union shall have the right to designate one working craft employee as steward for each C/S/E employing such craft on the Project. Such designated steward shall be a qualified workman assigned to a crew and shall perform the work of the craft. The steward shall not perform supervisory
duties. Under no circumstances shall there be nonworking stewards. Stewards shall be permitted a reasonable amount of time during working hours to perform applicable Union duties related to the work being performed by the craft employees of his C/S/E and not to the work being performed by other Contractors/Employers or their employees.

18.2 Authorized representatives of the Union(s) shall have access to the Project, provided that such representatives fully comply with posted visitor, security, and safety rules and the environmental compliance requirements of the Project, provided that they do not unnecessarily interfere with the employees or cause them to neglect their work.

ARTICLE XIX
TERM

19.1 The Agreement shall continue in full force and effect for a period of five (5) years from the date of execution by all parties hereto. The Agreement may subsequently be extended by written amendment if agreed to by the parties.

19.2 The Agreement shall continue in full force and effect for each covered Project until a certificate of substantial completion has been issued to the contractor by the LACMTA. Either party desiring to renew, extend or to negotiate changes to this Agreement upon expiration, shall make such intention known to the other party by written notice thereof not less than six (6) months prior to the expiration of this Agreement.

19.3 Any covered Project awarded during the term of this Agreement shall continue to be covered hereunder, until completion of the Project, notwithstanding the expiration date of this Agreement.

ARTICLE XX
RESPONSIBILITY FOR COSTS

20.1 The LACMTA and the Unions shall each be responsible for their own legal costs including all attorneys’ fees and associated disbursements) that might accrue with regard to any legal challenge over the adoption by the LACMTA of this Agreement, and related to claims directly challenging the legality of this Agreement, or a particular section of language that has been adopted herein.

ARTICLE XXI
MISCELLANEOUS PROVISIONS

21.1 This Agreement shall be construed and interpreted both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county.

21.2 Any notice, demand, request, document, consent, approval, or communication required by or to be given to LACMTA shall be sent to the LACMTA office or individual designated by the LACMTA.
21.3 The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

21.4 The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other agreement to which said party is bound.

21.5 Any modification to this Agreement must be in writing and executed by all Parties hereto.

LACMTA and LA/OCBCTC PLA Tentative Agreement
INTRODUCTION

At the June 1991 General Membership Meeting, the members in attendance acknowledged the need of some form of drug testing that would keep the jobsite safe while at the same time protect each member's individual rights under the constitution.

When signatory contractors were not being allowed to bid on projects because they had no official drug testing policy, it became obvious that we were going to have to develop a test to remedy that problem. We feel that within the confines of this addendum the best and fairest for all has been accomplished.

This Memorandum of Understanding is actually an addendum to Local 12's Master Labor Agreement. All the provisions in this shall be adhered to and enforced by Local 12. No member shall be subjected to any provision outside of this memorandum. If any employer asks a member to test for substance abuse and asks for any procedures outside of what is outlined here or in the Side Letter of Understanding on page 11 that employer is in violation of the Master Labor Agreement and you are not required to comply.

Substance abuse has become a national problem. While jobsite safety has always been a priority in Local 12. It is not the intent of this policy to subject any member to a test that all members on a project are not subjected to.

This Memorandum of Understanding shall be considered as an addendum to the Master Labor Agreement currently in effect between the parties. It shall be effective as of the date it is signed and shall thereafter run concurrently with the Master Labor Agreement.

The parties recognize the problems which drug abuse has caused in the construction industry and the need to develop drug abuse prevention programs. Accordingly, the parties agree that in order to enhance the safety of the workplace and to maintain a drug free work environment, individual employers may require applicants or employees to undergo drug testing. The parties agree that if a testing program is implemented by an individual Employer, the following items have been agreed upon by the Labor and Management and will apply.

1. It is understood that the use, possession, transfer, or sale of illegal drugs, narcotics, or other unlawful substances is absolutely prohibited while employees are on the Employer's job premises or while working on any jobsite in connection with work performed under the Master Labor Agreement.

2. No Employer may implement a drug testing program which does not conform in all respects to the provisions of this Agreement.

3. No Employer may implement drug testing at any jobsite unless written notice is
given to the Union setting forth the location of the jobsite, a description of the project under construction, and the name and telephone number of the Project Supervisor. Said notice shall be addressed to the International Union of Operating Engineers, 180 East Corson Street, Pasadena, California 91103. Said notice shall be delivered in person or by registered mail before the implementation of drug testing. Failure to give such notice shall make any drug testing engaged in by the Employer a violation of the Master Labor Agreement, and the Employer may not implement any form of drug testing at such jobsite for the following six months.

4. An Employer who elects to implement drug testing pursuant to this Agreement shall require all employees on the project to be tested. With respect to individuals who become employed on the project subsequent to the proper implementation of a valid drug testing program, such test shall be administered upon the commencement of employment on the project, whether by referral from a Union Dispatch Office, transfer from another project, or another method. Individuals who were employed on the project prior to the proper implementation of a valid drug testing program may only be subjected to testing for the reasons set forth in paragraph 50(1) through 50(3) of this Agreement. Refusal to undergo such testing shall be considered sufficient grounds to deny employment on the project.

5. The following procedure shall apply to all drug testing:

a. The Employer may request urine samples only. The applicant or employee shall not be observed when the urine specimen is given. An applicant or employee, at his or her sole option, shall, upon request, receive a blood test in lieu of a urine test. No employee of the Employer shall draw blood from a bargaining unit employee, touch or handle urine specimens, or in any way become involved in the chain of custody of urine or blood specimens. A Union Business Representative, subject to the approval of the individual applicant or employee, shall be permitted to accompany the applicant or employee to the collection facility to observe the collection, bottling, and sealing of the specimens.

b. The testing shall be done by a laboratory approved by the Substance Abuse & Mental Health Services Administration (SAMHSA), which is chosen by the Employer and the Union.

c. An initial test shall be performed using the Enzyme Multiplies Immunoassay Technique (EMIT). In the event a question or positive result arises from the initial test, a confirmation test must be utilized before action can be taken against the applicant or employee. The confirmation test will be by Gas Chromatography/Mass Spectrometry (GC/MS). Cutoff levels for both the initial test and confirmation test will be those established by the SAMHSA. Should these

SAMHSA levels be changed during the course of this agreement or new testing procedures are approved, then these new regulations will be deemed as part of this existing agreement. Confirmed positive samples will be retained by the testing laboratory in secured long-term frozen storage for a minimum of one year. Handling and transportation of each sample must be documented through strict chain of custody procedures.

d. In the event of a confirmed positive test result the applicant or employee may request, within forty-eight (48) hours, a sample of his/her specimen from the testing laboratory for purposes of a second test to be performed at a second laboratory designated by the Union and approved by SAMHSA. The retest must be performed within ten (10) days of the request. Chain of custody for this sample shall be maintained by the Employer between the original testing laboratory and the Union's designated laboratory. Relisting shall be performed at the applicant's or employee's expense. In the event of conflicting test results the Employer may require a third test.

e. If, as a result of the above testing procedures, it is determined that an applicant or employee has tested positive, this shall be considered sufficient grounds to deny the applicant or employee his/her employment on the project.

f. No individual who tests negative for drugs pursuant to the above procedure and becomes employed on the project shall again be subjected to drug testing with the following exceptions:

1. Employees who are involved in industrial accidents resulting in damage to plant, property or equipment or injury to him/herself or others may be tested pursuant to the procedures stated hereinabove.

2. The Employer may test employees following thirty (30) days advance written notice to the employee(s) to be tested and to the Union. Notice to the Union shall be as set forth in Paragraph 3 above and such testing shall be pursuant to the procedures stated hereinabove.

3. The Employer may test an employee where the Employer has reasonable cause to believe that the employee is impaired from performing his/her job. Reasonable cause shall be defined as being aberrant or unusual behavior, the type of which is a recognized and accepted symptom of impairment (i.e., slurred speech, unusual lack of muscular coordination, etc.). Such behavior must be actually observed by at least two persons, one of whom shall be a supervisor who has been trained to recognize the symptoms of drug abuse or impairment and the other of whom shall be the job steward. If the job steward is unavailable or there is no job steward on the project the other person shall be a member of the Operating Engineers bargaining unit. Testing shall be pursuant to the procedures stated hereinabove. Employees who are tested pursuant to the exceptions set forth in this paragraph and who test positive will be...
In regard to the Memorandum of Understanding on Drug Abuse Prevention and Detection agreed to by the parties, it is agreed that if, as a condition of contract award or due to Federal, State or Governmental Agency requirements, an individual Employer is required to abide by or implement more stringent requirements than set forth in the Memorandum of Understanding, the individual Employer will notify the Union in writing of those requirements. The Union reserves the right, upon receiving notification, to require the individual Employer to meet to negotiate any changes.

Agreed to this 18th day of June, 1991.

LACMTA and LA/OCBCTC PLA Tentative Agreement
a. Applicants or employees who do not test positive shall be paid for all time worked while undergoing drug testing. Payment shall be at the applicable wage and benefit rates set forth in the Master Labor Agreement. Applicants who have been dispatched from the Union and who are not put to work pending the results of a test will be paid waiting time until such time as they are put to work. It is understood that an applicant must pass the test as a condition of employment. Applicants who are put to work pending the results of a test will be considered probationary employees.

5. The Employer will be allowed to conduct periodic job site drug testing on construction projects under the following conditions:

a. The entire job site must be tested, including any employee or subcontractor’s employee who worked on that project three (3) working days before or after the date of the test;

b. Job site testing cannot commence sooner than thirty (30) days after start of the work on the project;

c. Prior to start of periodic testing, a Business Representative will be allowed to conduct an educational period on company time to explain periodic job site testing program to affected employees;

d. Testing shall be conducted by a GMHDA certified laboratory, pursuant to the provisions set forth in Paragraph 5 hereabove.

e. Only two periodic tests may be performed in a twelve month period.

7. It is understood that the unsafe use of prescribed medication, or where the use of prescribed medication impairs the employee’s ability to perform work, is a basis for the Employer to remove the employee from the job site.

8. Any grievance or dispute which may arise out of the application of this Agreement shall be subject to the grievance and arbitration procedures set forth in the applicable Master Labor Agreement.

9. The establishment or operation of this Agreement shall not curtail any right of any employee found in any law, rule or regulation. Should any part of this Agreement be found unlawful by a court of competent jurisdiction of a public agency having jurisdiction over the parties, the remaining portions of the Agreement shall be unaffected and the parties shall enter negotiations to replace the affected provision.

10. Present employees, if tested positive, shall have the prerogative for rehabilitation program at the employee’s expense. When such program has been successfully completed the Employer shall not discriminate in any way against the employee. If work for which the employee is qualified exists he/she shall be reinstated.

11. The Employer agrees that results of urine and blood tests performed hereunder will be considered medical records held confidential to the extent permitted or required by law. Such records shall not be released to any persons or entities other than designated Employer representatives and the Union. Such release to the Union shall only be allowed upon the signing of a written release and the information contained therein shall not be used to discourage the employment of the individual applicant or employee on any subsequent occasion.

12. The Employer shall indemnify and hold the Union harmless against any and all claims, demands, suits, or liabilities that may arise out of the application of this Agreement and/or any program permitted hereunder.

13. Employees who seek voluntary assistance for substance abuse may not be disciplined for seeking such assistance. Requests from employees for such assistance shall remain confidential and shall not be revealed to other employees or management personnel without the employee’s consent. Employees enrolled in substance abuse programs will be subject to all Employer rules, regulations and job performance standards with the understanding that an employee enrolled in such a program is receiving treatment for an illness.

14. The parties agree to develop and implement a drug abuse prevention and testing program for all apprentices entering the industry.

15. This Memorandum of Understanding shall constitute the only Agreement in effect between the parties concerning drug abuse, prevention and testing. Any modifications thereof must be accomplished pursuant to collective bargaining negotiations between the parties.

POLICY STATEMENT

The Los Angeles County Metropolitan Transportation Authority's (LACMTA) Construction Careers Policy (CCP) encourages construction employment and training opportunities in ways calculated to mitigate the harms caused by geographically concentrated poverty and unemployment in economically disadvantaged areas and among disadvantaged workers throughout the United States. This policy identifies the minimum efforts contractors performing on covered LACMTA construction projects must make to comply with this policy.

PURPOSE

To set forth procedures for providing training and employment opportunities on covered LACMTA construction projects.

APPLICATION

This policy applies to all contractors performing on a covered LACMTA construction project.
1.0 GENERAL

The Diversity and Economic Opportunity Department (DEOD) will administer this policy, and will work closely with the Construction and Procurement departments to enforce this policy.

2.0 PROCEDURES

2.1 Coverage of Projects

2.1.1 Except as provided otherwise herein, this Policy applies to all construction projects with a life-of-project budget greater than $2.5 million and awarded by the LACMTA, including but not limited to, all Measure R Transit and Highway projects.

2.1.2 The project list will be updated annually or whenever the Board adopts a new construction project with a life-of-project budget greater than $2.5 million.

2.1.3 In the event that the LACMTA determines that a project to which this Policy applies is an FHWA project, the LACMTA shall modify or not enforce any aspect of the Policy in accordance with a valid and binding instruction from the U.S. Department of Transportation.

2.2 Implementation

2.2.1 All Requests for Proposal/Invitations for Bid (RFP/IFB) specifications shall require all contractors submitting bids or proposals to agree to the terms of the LACMTA-PLA and Policy.

2.2.2 All construction project prime contracts shall include a provision obligating the Prime Contractor and all its Contractors/Subcontractors/Employers (C/S/Es) to comply with the terms of the LACMTA-PLA and Policy through a Letter of Assent to the LACMTA.

2.2.3 The construction contract shall include provisions establishing liquidated damages amounts as described in Section 2.6.1 of this Policy.
2.3 Exclusions and/or Modifications

2.3.1 This policy shall only apply to construction contracts, as defined in Section 3.0 (Definition of Terms).

2.3.2 This policy shall not apply to, or impact in any way, service contracts or operation, inspection or maintenance contracts entered into by the LACMTA including, but not limited to, said contract relating to the project, services provided at any LACMTA facility, building and/or the operation or maintenance of any LACMTA owned and operated facilities.

2.3.3 This policy shall not apply to C/S/Es non-manual employees including, but not limited to, superintendents, supervisors, staff engineers, quality control and quality assurance personnel, time keepers, mail carriers, clerk, office workers, messengers, guards, safety personnel, emergency medical and first aid technicians, and other engineering, administrative, supervisory, and management employees (except those covered by existing building and construction trades collective bargaining agreements).

2.3.4 This policy shall not apply to material suppliers of raw materials, manufactured products, offsite hauling or delivery by any means of material, supplies, or equipment required to any point of delivery, except an offsite prefabrication facility dedicated solely to project work.

2.3.5 This policy shall not apply to officers and employees of the LACMTA, nor to work performed by or on behalf of other governmental entities and public utilities.

2.3.6 This policy shall not apply to the work of persons, firms and other entities that perform consulting, planning, scheduling, design, environmental, geological, management, or other supervisory services on any LACMTA project including, but not limited to, consultants, engineers, architects, geologists, construction managers, and other professionals hired by the LACMTA or any other governmental entity.

2.3.7 This policy shall not apply to the common division of work recognized through local practice for systems integration and testing, as-built documentation, including, but not limited to, those items excluded by the National Electrical Code (NFPA70) identified projects as "Not Covered" under Article 90.
2.4 Targeted Hiring

2.4.1 Hiring Requirements for Non-Federally Funded Projects.

The Prime Contractor shall ensure that the following targeted hiring requirements are met for each non-federally funded project:

- A minimum of 40% of all hours of project work shall be performed by Local Targeted Workers, with priority given to Community Area Residents. For any hour of Project Work for which the C/S/E seeks to meet this requirement, the C/S/E and Unions must first refer Community Area Residents. After Unions and C/S/Es have exhausted the available pool of Community Area Residents, they shall refer any Local Residents from Extremely Economically Disadvantaged areas; when the C/S/Es have exhausted the available pool, they shall refer Local Residents from low Economically Disadvantaged areas.

- A minimum of 10% of all hours of Project Work shall be performed by Disadvantaged Workers whose primary place of residence is within Los Angeles County.

- At least 20% of total work hours on each project will be performed by apprentices, but the hours performed by apprentices in each individual craft shall not exceed the ratio to journeyman established by the applicable craft union’s Division of Apprenticeship Standards (DAS) approved apprenticeship standards. Local Targeted Workers will perform 50% of all apprenticeship hours worked on the Project.

2.4.2 Hiring Requirements for Federally Funded Projects

The Prime Contractor shall ensure that the following targeted hiring requirements are met for each federally funded project:

- A minimum of 40% of all hours of Project Work shall be performed by National Targeted Workers, with priority given to residents of National Extremely Economically Disadvantaged areas. For any hour of Project Work for which the C/S/E seeks to meet this requirement, the C/S/E and Unions must first refer residents of National Extremely Economically Disadvantaged areas. After Unions and C/S/Es have exhausted the available pool of residents of National Extremely

Economically Disadvantaged areas, they may refer any National Targeted Worker.

- A minimum of 10% of all hours of Project Work shall be performed by Disadvantaged Workers.

- At least 20% of total work hours on each project will be performed by apprentices, but the hours performed by apprentices in each individual craft shall not exceed the ratio to journeyman established by the applicable craft union's DAS approved apprenticeship standards. National Targeted Workers will perform 50% of all apprenticeship hours worked on the Project.

2.5 Compliance

LACMTA or its authorized representatives shall determine whether a Prime Contractor and its C/S/Es have complied with the requirements of the LACMTA-PLA and the Policy. The Prime Contractor is ultimately responsible for it and its C/S/Es compliance with the LACMTA-PLA and Policy requirements.

2.5.1 If, after taking into account all hours of project work performed up to that point in time of the Reporting Period, the targeted hiring requirements of the LACMTA-PLA and Policy have been satisfied for a Project, then the Prime Contractor and its subcontractors working on that Project shall be deemed to be in compliance.

2.5.2 If the targeted hiring requirements of the LACMTA-PLA and the Policy have not been satisfied for a Project, the Prime Contractor nonetheless may be deemed to be in compliance if it demonstrates both (a) that it and each of its C/S/Es have complied with all other requirements of the LACMTA-PLA and the Policy, and (b) that it and each C/S/E have either (i) satisfied the targeted hiring requirements of the LACMTA-PLA and this Policy with regard to the project work that it has performed or (ii) satisfactorily demonstrated the following:

- Adherence to procedures contained in its Employment Hiring Plan (EHP) as approved by the LACMTA.

- Requests to Unions, through Craft Request Forms, of sufficient numbers of Targeted Workers and Disadvantaged Workers to meet the targeted hiring percentages set forth in Section 2.4 of the Policy for that C/S/E's Project Work.
DOCUMENTED contact with the Jobs Coordinator in each instance when the relevant Union did not refer qualified Targeted Workers within the 48 hours following the C/S/E's request and the C/S/E's fair consideration of any Targeted Worker or Disadvantaged Worker subsequently referred by the Jobs Coordinator.

Accurate records documenting the C/S/E's compliance efforts that include (but not limited to) the following:
- A listing by name and address of all local recruitment sources contacted by the C/S/E;
- The date of the local recruitment contact and the identity of the person contacted, the trade and classification and number of hire referrals requested;
- The number of Targeted Worker hires made as a result of the contact;
- The identity and address of the worker(s) hired pursuant to the contact;
- Documentation when a referral was not hired (reason for non-hire) and/or premature termination.

2.6 Enforcement

2.6.1 The Prime Contractor for every project agrees to the following:

- The Prime Contractor and its C/S/E's commitment to comply with the targeted hiring requirements of LACMTA-PLA and Policy is a material element of the contract.
- The Prime Contractor will be liable to the LACMTA for Liquidated Damages as provided in this section.
- The failure of the Prime Contractor and its C/S/E's to comply with the targeted hiring requirements will cause harm to the LACMTA and the public which is significant and substantial but extremely difficult to quantify. The harm to the LACMTA includes the difficult-to-quantify harm that the community and its families suffer as a result of high unemployment and concentrated poverty.
Due to the difficulty of estimation of damages for violation(s) of requirements of this Policy, construction contracts shall have provisions establishing liquidated damages to be assessed as follows:

- The Prime Contractor shall pay liquidated damages equal to the average journeyperson project wage for each hour the Project fell short of the targeted hiring, or $500 per day, whichever is greater.

- If the project's targeted hiring requirements are out of compliance during any Reporting Period, the Prime Contractor shall meet with the LACMTA to develop a plan for compliance. The Prime Contractor has until the next Reporting Period to effectuate compliance or Liquidated Damages shall be withheld.

- Before Liquidated Damages are sought, the Prime Contractor shall be notified of the proposed Liquidated Damages and served with a summary of the information upon which the Liquidated Damages are based.

- Liquidated Damages shall be withheld from all subsequent monthly progress payment request(s) as disputed funds until such time as Prime Contractor is found to be in compliance, the project contract is terminated, or the project is completed.

- Should the project be terminated or completed before the Prime Contractor is found to be in compliance, recommendation may be made to the LACMTA's CEO to assess Liquidated Damages to be withheld from the contractor's retention.

2.6.2 Liquidated Damages Appeal

2.6.2.1 The Prime Contractor may appeal the assessment of Liquidated Damages before the LACMTA's CEO. Prior to the hearing, the Prime Contractor shall be provided a summary of the information upon which the recommendation assessment is based.
GENERAL MANAGEMENT
Construction Careers Policy

2.6.2.2 The Prime Contractor must request an appeal in writing within 10-calendar days of receipt of the Liquidated Damages assessment summary. At the hearing, the Prime Contractor will be allowed to provide evidence that it has made all of the showings required under Section 2.5 of the Policy. Failure to submit a written request for an appeal within the time frame stipulated in this Section will be deemed a waiver of the right to appeal and the recommendation for assessment of Liquidated Damages will be implemented.

2.6.3 Consistent, substantial violations of the LACMTA-PLA and/or Policy by any Prime Contractor may result in contract termination.

The provisions of this Policy shall not be applicable where prohibited by federal or state law, or where the application would violate or be inconsistent with the terms and conditions of a grant or a contract with an agency of the United States or the State of California, or the valid instructions of an authorized representative of any of these agencies with respect to any grant or contract. If enforcement of any provision of this Policy is enjoined by any court of competent jurisdiction, the remaining provisions shall remain in full force and effect.
