

Metro Gold Line Eastside Access- Unincorporated East Los Angeles Project

Recommendation

- **Execute contract modification no. 2 to contract no. PS4320-2897 with AECOM Technical Services, Inc. to provide design and support services for a Calvary Cemetery Walking Path**
- **Extend the term of the contract to one year to accommodate the additional design task in an amount NTE \$375,795, increasing the total contract value from \$1,524,498 to \$1,900,293**
- **Approve additional CMA specific to the contract in amount of \$100,000**

Project Overview

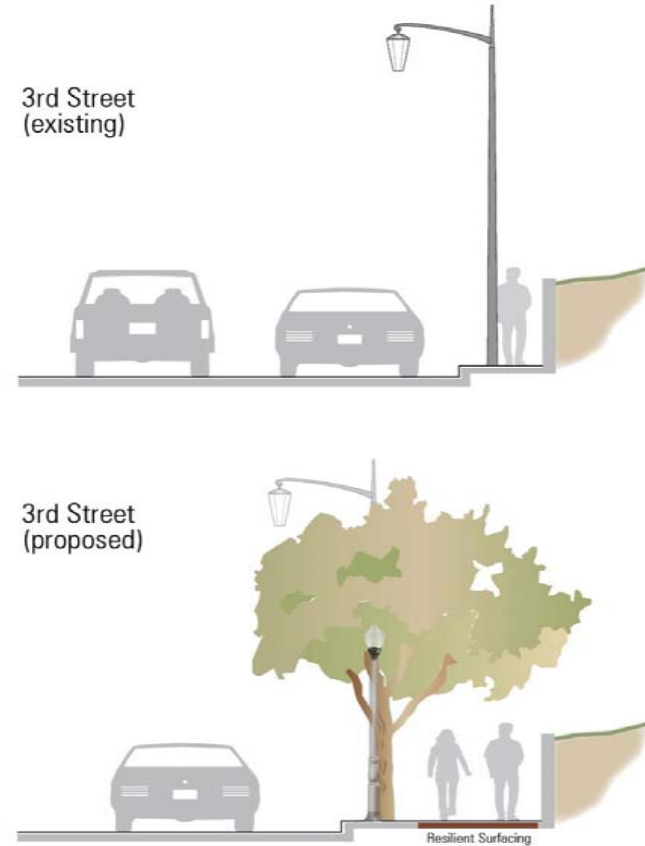

- In July 2012, Board approved multi-modal improvements to enhance access to the four stations along the unincorporated portion of the Metro Gold Line.

Metro

Calvary Cemetery Walking Path

- Located between Indiana and Maravilla stations, Calvary Cemetery would be included in the list of improvements carried forward to maximize the benefits of the Eastside Access Project.

Next Steps

Upon Board approval:

- **Initiate the task to design the Calvary Cemetery Walking Path**
- **Conceptual design will be completed by June 2014**
- **Final design will be completed by September 2014**
