

Ad Hoc Sustainability Committee

January 14, 2015

Metro

Annual Sustainability Report

Background

- Implements item 1.3 in the Countywide Sustainability Planning Policy (CSPP)
- CSPP adopted by Board in Dec 2012

Purpose

- Assess and track progress on sustainability in LA County
- Develop Sustainability Metrics
- Determine Case Studies

Annual Sustainability Report

Approach to Selecting Case Studies

- Review of project and programs countywide
- Cover all subregions
- Reflect principles and priorities from the CSPP

Annual Sustainability Report

Program and Performance Metrics (from CSPP)

Program Metrics: What Metro can directly influence

- Actions Completed to Implement CSPP
- Metro Projects and Activities Advancing Universal Policies and Place-based Policies in Appropriate Accessibility Clusters

Performance Metrics: Countywide outcomes not directly or solely controlled by Metro

- VMT
- Collisions
- Transportation Fuel Usage
- Congestion
- Transportation GHG
- Transit Ridership
- Active Transportation Trips
- Carpooling Trips
- Environmental Enhancements
- Jobs Adjacent to Transit
- Population Adjacent to Transit
- Transit Service in Accessibility Clusters C and D

Annual Sustainability Report

Next Steps

- Ongoing data gathering for Program and Performance Metrics
- Incorporate committee feedback into report
- Anticipated release date for final report: Spring / Summer 2015
