**Metro**

Los Angeles County  
Metropolitan Transportation Authority

1. APPROVED FASANA SUBSTITUTE MOTION to approve the following actions related to **P3010 Light Rail Vehicles**, pending resolution of protest and subject to no negative response from the FTA within the protest period:
  - A. authorizing the Chief Executive Officer to award a 53 month, firm fixed price contract under Request for Proposal No. P3010, to Kinkisharyo International, LLC for the manufacturing and delivery of 78 light rail vehicles (LRV), in the amount of \$299,061,827 for the base contract buy, exclusive of four Contract Options totaling 157 LRVs;
  - B. authorizing the Chief Executive Officer to negotiate and execute up to four Contract Options to Contract P3010, for a total delivery of 157 LRVs, in an aggregate amount of \$591,080,448, for a total Contract Not-to-Exceed amount of \$890,142,275, not including allowable contract escalation;
  - C. approving an increase of \$6,940,000 in the life-of-project budget for CP#206035 – Light Rail Vehicle Procurement (P3010) from \$335,410,000 to \$342,350,000; and
  - D. finding that to award Kinkisharyo International is the best value and is most advantageous to Metro. The recommended price addresses all contract requirements and represents the best overall value when all RFP evaluation factors are considered, including clear advantages in technical compliance, schedule risk and project management. The offer also commits to the sizable creation of new U.S. jobs to produce the P3010 LRV.
