

TABLE OF CONTENTS

Supplemental Environmental Assessment/Recirculated Sections of the Draft Environmental Impact Report (Supplemental EA/Recirculated Draft EIR Sections)

This Supplemental EA/Recirculated Draft EIR Sections document presents information on the refinements to the Locally Preferred Alternative, which are discussed in detail in updated Chapter 2, Alternatives Considered, and the updated portion of Section 4.18, Construction Impacts, and analysis of the refinements as they pertain to property acquisition, noise, vibration, and historical resource impacts. In addition, this document presents a CEQA analysis of environmental impacts using a 2010 baseline year for compliance with the December 2010 California Court of Appeal (Sixth District) Sunnyvale Decision, which is provided in Chapter 10, Comparison of Project Against Existing Conditions. The chapter/section numbers in this document and table of contents only include chapters/sections from the Draft EIS/EIR that have been updated or been added since publication of the original Draft EIS/EIR. Therefore numbering of chapters/sections is not consecutive. No significant new information has been added to the other chapters or sections in the Draft EIS/EIR and, therefore, they are not being recirculated.

Introduction.....	1
Chapter 2 Alternatives Considered.....	2-1
2.1 Background and Planning Context.....	2-2
2.1.1 SCAG Regional Transportation Plan.....	2-3
2.1.2 Measure R.....	2-3
2.1.3 Metro Long Range Transportation Plan.....	2-3
2.2 Development of Alternatives	2-5
2.2.1 Overview	2-5
2.2.2 Alternatives Screening and Selection Process	2-6
2.3 Alternatives Evaluated in the Draft EIS/EIR.....	2-8
2.3.1 No Build Alternative.....	2-9
2.3.2 Transportation System Management Alternative	2-13
2.3.3 Light Rail Transit - General Characteristics	2-14
2.3.4 At-Grade Emphasis LRT Alternative	2-20
2.3.5 Underground Emphasis LRT Alternative.....	2-24
2.3.6 Fully Underground LRT Alternative – The Locally Preferred Alternative	2-29
2.4 Overview of Construction Activities.....	2-35
2.4.1 Construction Staging Areas	2-36
2.4.2 Typical At-Grade LRT Construction	2-38
2.4.3 Typical Underground LRT Construction - Cut and Cover Method	2-38
2.4.4 Typical Underground LRT Construction - Sequential Excavation Method.....	2-38

Table of Contents

2.4.5 Typical Underground LRT Construction - Tunnel Boring Machine (TBM) Method	2-39
2.4.6 Build Alternative Construction Methods	2-39
2.5 LRT Options Considered and Eliminated	2-48
2.5.1 At-Grade Station at Flower and 3 rd Streets	2-48
2.5.2 At-Grade Station on 2 nd Street between Broadway and Main Street.....	2-48
2.5.3 Fully Underground LRT Alternative - Little Tokyo Variation 2	2-48
2.6 Environmental Process	2-49
2.6.1 Draft EIS/EIR Review and Comment Period	2-49
2.6.2 The Locally Preferred Alternative	2-49
2.6.3 Final EIS/EIR and Selection of a Project Alternative	2-49
2.6.4 Record of Decision and Notice of Determination.....	2-49
2.6.5 Project Schedule.....	2-50

Chapter 4 Environmental Analysis, Consequences, and Mitigation

4.2 Displacement and Relocation	4.2-1
4.2.1 Regulatory Framework	4.2-1
4.2.2 Affected Environment.....	4.2-2
4.2.3 Environmental Impacts/Environmental Consequences	4.2-3
4.2.3.1 No Build Alternative	4.2-3
4.2.3.2 TSM Alternative	4.2-4
4.2.3.3 At-Grade Emphasis LRT Alternative.....	4.2-5
4.2.3.4 Underground Emphasis LRT Alternative	4.2-9
4.2.3.5 Locally Preferred Alternative.....	4.2-17
4.2.4 Candidate Mitigation Measures from the Draft EIS/EIR.....	4.2-26
4.2.5 Proposed Final Mitigation Measures for the Locally Preferred Alternative	4.2-26
4.7 Noise and Vibration.....	4.7-1
4.7.1 Regulatory Framework	4.7-1
4.7.2 Affected Environment.....	4.7-8
4.7.3 Environmental Impacts/Environmental Consequences	4.7-12
4.7.3.1 No Build Alternative	4.7-14
4.7.3.2 TSM Alternative	4.7-14
4.7.3.3 At-Grade Emphasis LRT Alternative.....	4.7-14
4.7.3.4 Underground Emphasis LRT Alternative	4.7-22
4.7.3.5 Locally Preferred Alternative.....	4.7-30
4.7.4 Candidate Mitigation Measures from the Draft EIS/EIR.....	4.7-40
4.7.5 Proposed Final Mitigation Measures for the Locally Preferred Alternative	4.7-40
4.12 Historic Resources.....	4.12-1
4.12.1 Built Environment	4.12-2
4.12.1.1 Regulatory Framework.....	4.12-2
4.12.1.2 Affected Environment.....	4.12-4
4.12.1.3 Environmental Impacts/Environmental Consequences	4.12-14
4.12.1.3.1 No Build Alternative	4.12-14
4.12.1.3.2 TSM Alternative.....	4.12-15
4.12.1.3.3 At-Grade Emphasis LRT Alternative	4.12-15
4.12.1.3.4 Underground Emphasis LRT Alternative.....	4.12-20

Table of Contents

4.12.1.3.5 Locally Preferred Alternative	4.12-31
4.12.1.4 Candidate Mitigation Measures from the Draft EIS/EIR	4.12-41
4.12.1.5 Proposed Final Mitigation Measures for the LPA	4.12-41
4.18 Construction Impacts	4.18.2-1
4.18.2 Affected Environment.....	4.18.2-1
4.18.2.1 Locally Preferred Alternative Construction Scenario Overview.....	4.18.2-1
4.18.2.2 Utility Relocation and Street Closures	4.18.2-2
4.18.2.3 Staging Areas and Haul Routes	4.18.2-4
4.18.2.4 Surface LRT Track Construction Methods	4.18.2-5
4.18.2.5 Below Ground LRT Construction Methods	4.18.2-5
4.18.2.6 Additional Construction Activities	4.18.2-10
4.18.2.7 Protection of Existing Structures.....	4.18.2-11
Chapter 10 Comparison of Project Against Existing Conditions.....	10-1
10.1 Sunnyvale Decision Applicability to the Regional Connector Transit Corridor Project	10-1
10.2 Existing Conditions.....	10-2
10.3 Environmental Analysis and Mitigation Measures.....	10-4
10.3.1 Transportation.....	10-4
10.3.2 Land Use and Development	10-8
10.3.3 Displacement and Relocation.....	10-8
10.3.4 Community and Neighborhood Impacts	10-9
10.3.5 Visual and Aesthetic Impacts	10-10
10.3.6 Air Quality.....	10-11
10.3.7 Climate Change.....	10-14
10.3.8 Noise and Vibration	10-18
10.3.9 Ecosystems/Biological Resources	10-20
10.3.10 Geotechnical/Subsurface/Seismic/Hazardous Materials	10-21
10.3.11 Water Resources.....	10-22
10.3.12 Energy Resources	10-23
10.3.13 Historic Resources	10-25
10.3.14 Parklands and Other Community Facilities	10-27
10.3.15 Economic and Fiscal Impacts.....	10-28
10.3.16 Safety and Security	10-29
10.3.17 Growth-Inducing Impacts.....	10-31
10.3.18 Cumulative Impacts	10-32
10.4 Conclusions	10-33

Appendices

Appendix R-1 Updated Locally Preferred Alternative Drawings

Appendix R-2 Updated Locally Preferred Alternative Noise and Vibration Analysis

Appendix R-3 Draft Memorandum of Agreement with the California State Historic Preservation Officer
for the Locally Preferred Alternative
