CONSTRUCTION SAFETY

BINGO

ITEMS NEEDED
One large playing card per person (five included), one deck of 26 small cards included for use by the caller and at least four markers per player. Markers not included. Coins, paper clips or other small items can be used as markers and will allow for multiple uses of the playing cards.

INSTRUCTIONS
One person is designated the caller. It is the job of the caller to draw a card from the deck of small cards and then announce the safety image on the card to the players. Always remember to shuffle the deck before play begins. The caller should read the safety information on the back of the card after each image is called out.

Each player gets one large playing card. Players use small objects to mark the squares on the playing card as the safety images are called out.

The first person to get four in a row, vertically, horizontally or diagonally and yell “SAFE” wins. You can also play until someone fills their entire playing card.

CRANE
Cranes lift heavy loads. Stay alert and do not stand under loads!

BULLDOZER
Be alert for heavy machinery. Make eye contact because the operator may not see you right away.

CONSTRUCTION CONE
An orange construction cone represents a restricted area.

TRACTOR TRUCK
If you can’t see the tractor truck driver’s face, they can’t see you!

TRAIN
Stop, watch, look and listen to all the signs when trains are nearby.

CAUTION TAPE
Never go under caution tape. Stay out of the area!

SAFETY VEST
Construction workers are hard to miss because they wear bright safety vests.

HARD HAT
A hard hat is used by construction crew members to protect their heads.

AVAILABLE ONLINE

metro.net/regionalconnector
FALLEN WIRES
Fallen power lines can still be energized and therefore dangerous! Please stay far away from any fallen power lines.

WHEELS
It’s never safe to use bikes, skateboards, or scooters around construction sites.

YOU
Remember – safety is everyone’s business. Safety begins with you.

FLAGGER
A person directing traffic is a flagger.

ELECTRONIC DEVICES
Avoid using cell phones, ipods, and MP3 players near construction zones.

TRAIN TUNNEL
Never walk in a train tunnel.

DETOUR SIGN
Be alert to detour signs, they provide alternate routes.

KEEP OUT SIGN
For your own safety, always obey the construction signs.

ARROW SIGNAGE
Be alert to arrow signage. It indicates the safest route.

CONCRETE BARRICADES
SIDEWALK/WALKWAY
DELINEATOR
WOODEN BARRICADE
Wooden barricades are for your protection; stay out of the area.

DIGITAL SIGNAGE
Be alert to flashing warning signs.

SIDEWALK CLOSED SIGN
Be alert to closed sidewalks. Use the alternate walkway.

STEEL BEAMS
Stay away from construction beams; they are heavy and can fall, causing major harm.

FENCING
Fencing around a construction zone means keep out to stay safe.

TRAIN TRACKS
Never take a shortcut across the tracks.

DELINERATOR
When you see a delineator, avoid the area and look for alternate routes.

SIDEWALK/WALKWAY
Always use the indicated walkway.

CONCRETE BARRICADES
When you see a barricade, stay out of the area.
