

Introducing the new El Monte Station

The largest bus facility west of
Chicago opens October 14.

The new El Monte Station has been expanded to more than double its size, and will include a two-level bus terminal station with 29 bays, a new Metro Bike Hub and a regional transit store.

The state-of-the-art facility will serve 22,000 Metro, Foothill Transit, El Monte Transit and Greyhound passengers daily, with the potential to accommodate nearly twice that capacity. The El Monte Station connects the San Gabriel Valley to Downtown LA and the rest of the Metro bus and rail system.

- > **New!** Silver 2 Silver Service: Metro and Foothill Transit's combined bus service will let you ride the Silver Line or Silver Streak with a valid Metro or Foothill Transit pass.
- > Increases passenger capacity from 22,000 to 40,000
- > Increases bus bays from 16 to 29
- > New bicycle lockers (30) and stairway bike tracks
- > New elevators and escalators
- > New safety and security improvements
- > New wayfinding and bus arrival information digital displays
