VCA Engineers, Inc.
D'Leon Consulting Engineers
Coast Surveying
Cityworks Design

TABLE OF CONTENTS

1. Introduction	1
1.1. Study Background.....	1
1.1.1. Alternatives Considered.....	1
1.2. Alternatives Analysis Report Purpose and Structure.....	2
2. Purpose and Need	4
2.1. History and Background.....	4
2.1.1. LAX Master Plan and Specific Plan Amendment Study.....	6
2.2. Purpose and Need Objectives.....	8
2.3. Objective #1: Provide a reliable, fast, and convenient connection for passengers traveling between the LAX area and the regional transit system.	9
2.3.1. Existing Freeways/Arterial Roadways.....	9
2.3.2. Existing Transit Network.....	11
2.3.3. Future Highway / Arterial Roadway Projects.....	14
2.3.4. Highway/Arterial System Performance.....	15
2.3.5. Transit System Performance.....	18
2.3.6. Transit Operating Speeds.....	21
2.3.7. Travel to LAX by Transit and Private Vehicle: A Comparison.....	23
2.4. Objective #2: Integrate with existing and future transit connections and airport facilities.....	30
2.4.1. Existing and Future Transit Projects.....	31
2.4.2. Potential Airport Facilities.....	32
2.5. Objective #3: Satisfy the surface transportation and travel demands of the high volume of passengers connecting to LAX.....	33
2.5.1. Regional Travel to/from the Central Terminal Area Market.....	34
2.5.2. Non-Regional Travel to/from the Central Terminal Area and Airport District.....	41
2.5.3. Regional Travel to/from Airport District Market.....	42
2.5.4. Future Market Growth.....	42
2.6. Objective #4: Increase the share of transit trips to and from LAX and reduce air pollution with minimal impact on airport facilities and surrounding communities.....	42
2.6.1. Primary Market Mode Share: Regional Travel to/from the Central Terminal Area.....	43
2.6.2. Secondary Markets Mode Share: Regional and Non-Regional Travel to/from Airport District.....	46
2.6.3. Parking Patterns.....	48
3. Preliminary Definition of Alternatives	53
3.1. Preliminary Alternatives.....	53
3.1.1. No Build Alternative.....	53
3.2. Transportation Systems Management Alternative.....	56
3.3. Build Alternatives – General Connection Types.....	58
3.3.1. Direct LRT Branch.....	58
3.3.2. Circulator.....	58
3.3.3. Intermediate LRT and Circulator.....	59
3.3.4. Modified LRT Trunk.....	59
3.3.5. Possible Modes.....	59

- 3.3.6. Possible Routes.....63
- 3.4. Possible Operations.....71
 - 3.4.1. Direct LRT Branch Alternative71
 - 3.4.2. Circulator Alternative72
 - 3.4.3. Intermediate LRT and Circulator Connection Alternative.....73
 - 3.4.4. Modified LRT Trunk Alternative73
 - 3.4.5. Operations Summary73
- 3.5. Ridership Modeling74
- 4. Screening of Alternatives75**
 - 4.1. Stage I Screening Process75
 - 4.2. Stage II Screening Process77
 - 4.3. Stage I Evaluation79
 - 4.3.1. Direct LRT Branch.....80
 - 4.3.2. Circulator.....85
 - 4.3.3. Intermediate LRT and Circulator.....88
 - 4.3.4. Modified LRT Trunk.....92
 - 4.3.5. Stage I Screening Results96
 - 4.4. Stage II Evaluation96
 - 4.4.1. Passenger Convenience (by Alternative and Alternative Class)98
 - 4.4.2. Direct LRT Branch vs. Modified LRT Trunk Alternatives99
 - 4.4.3. On-Airport Configuration100
 - 4.4.4. Off-Airport Configuration101
- 5. Public Outreach Summary103**
 - 5.1. Public Outreach – August 2011 – Study Initiation104
 - 5.1.1. Summary of Meetings104
 - 5.1.2. Technical Advisory Committee and Legislative Briefings104
 - 5.1.3. Public Outreach Materials.....105
 - 5.1.4. Digital Engagement106
 - 5.1.5. Notifications107
 - 5.1.6. Community Workshops.....108
 - 5.1.7. Summary of Comments – August 2011.....109
 - 5.2. Stakeholder Briefings Summary111
 - 5.3. Public Outreach – February/March 2012 – Alternatives Analysis Results111
 - 5.3.1. Summary of Meetings111
 - 5.3.2. Technical Advisory Committee and Legislative Briefings112
 - 5.3.3. Public Outreach Materials.....113
 - 5.3.4. Digital Engagement113
 - 5.3.5. Notifications114
 - 5.3.6. Open House and Community Workshops115
 - 5.3.7. Summary of Comments – February/March 2012.....116
 - 5.4. Stakeholder Briefings Summary117
- 6. Recommended Project Alternatives.....118**
- 7. Alternatives Eliminated From Further Analysis122**

Appendices

- Public Outreach – August 2011
- Public Outreach – February/March 2012

ABBREVIATIONS / ACRONYMS

AA.....	Alternatives Analysis
APM	Automated People Mover
ACRP	Airport Cooperative Research Program
BRT.....	Bus Rapid Transit
Caltrans.....	California Department of Transportation
CEQA.....	California Environmental Quality Act
CTA.....	Central Terminal Area
EIR.....	Environmental Impact Report
EIS	Environmental Impact Statement
FAA.....	Federal Aviation Administration
FTA.....	Federal Transportation Administration
GTC	Ground Transportation Center
HOV	High-Occupancy Vehicle
ITC.....	Intermodal Transportation Center
LADOT	Los Angeles Department of Transportation
LAWA	Los Angeles World Airports
LAX.....	Los Angeles International Airport
LPA.....	Locally Preferred Alternative
LRT	Light Rail Transit
L RTP	Long Range Transportation Plan
MAP	Million Annual Passengers
MAX	Municipal Area Express Transit
Metro	Los Angeles County Metropolitan Transportation Authority
mph.....	Miles per Hour
NEPA.....	National Environmental Policy Act
PeMs	Caltrans Performance Measurement Systems
PRT.....	Personal Rapid Transit
ROW.....	Right-of-Way
SEIR.....	Supplemental Environmental Impact Report
SCAG.....	Southern California Association Governments
SOV.....	Single-Occupancy Vehicle
SPAS.....	Specific Plan Amendment Study
TBIT.....	Tom Bradley International Terminal
TSM.....	Transportation Systems Management
UCLA.....	University of California, Los Angeles
