

Van Nuys North Platform Project

METROLINK

Participating Agencies

- ❖ LADOT
- ❖ Amtrak
- ❖ Metrolink
- ❖ METRO
- ❖ Caltrans

Van Nuys North Platform Project

METROLINK

Van Nuys North Platform Project

METROLINK

**Van Nuys
Station**

Background

- ❖ Van Nuys Station serves both Amtrak and Metrolink passengers
- ❖ Shares tracks with UPRR and adjacent rail yard
- ❖ Serves 32 trains per weekday
- ❖ 800 foot station platform
- ❖ Single track station
- ❖ Bus services
(DASH, Amtrak Thruway onsite and Metro stops on Van Nuys Blvd.)

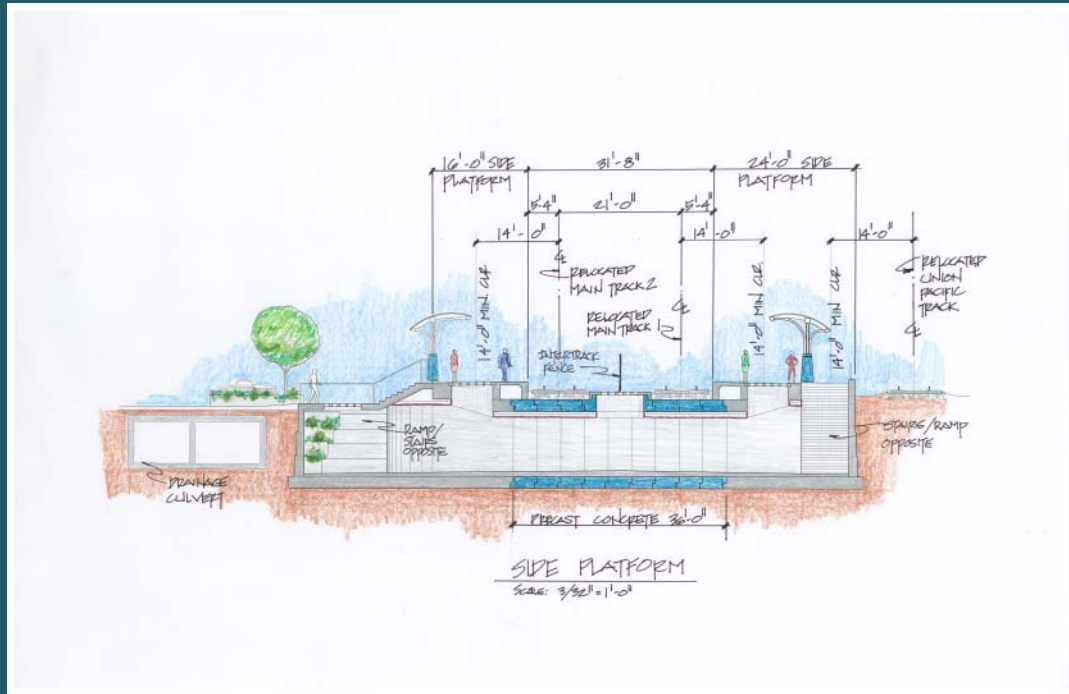

Purpose

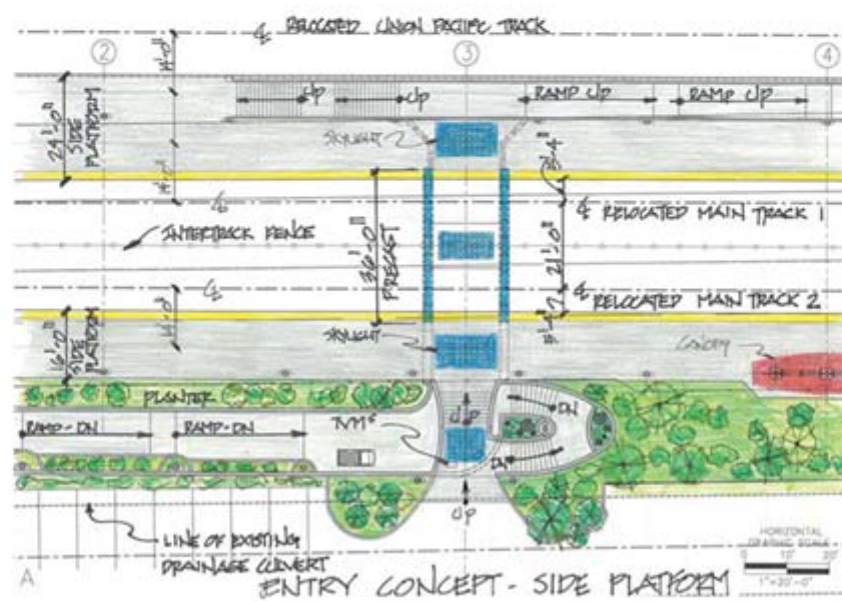

- ❖ Add a platform to meet increasing rail traffic demands
- ❖ Provide safe pedestrian access through a grade separated pedestrian crossing
- ❖ Improve travel times for intercity and commuter rail service
- ❖ Improve train operational reliability and on-time performance

Proposed Station Improvements

- ❖ Propose a second side platform north of the existing track and extend existing platform.
- ❖ Construct pedestrian underpass & ADA-accessible platforms.
- ❖ Upgrade variable message signs and public address systems.

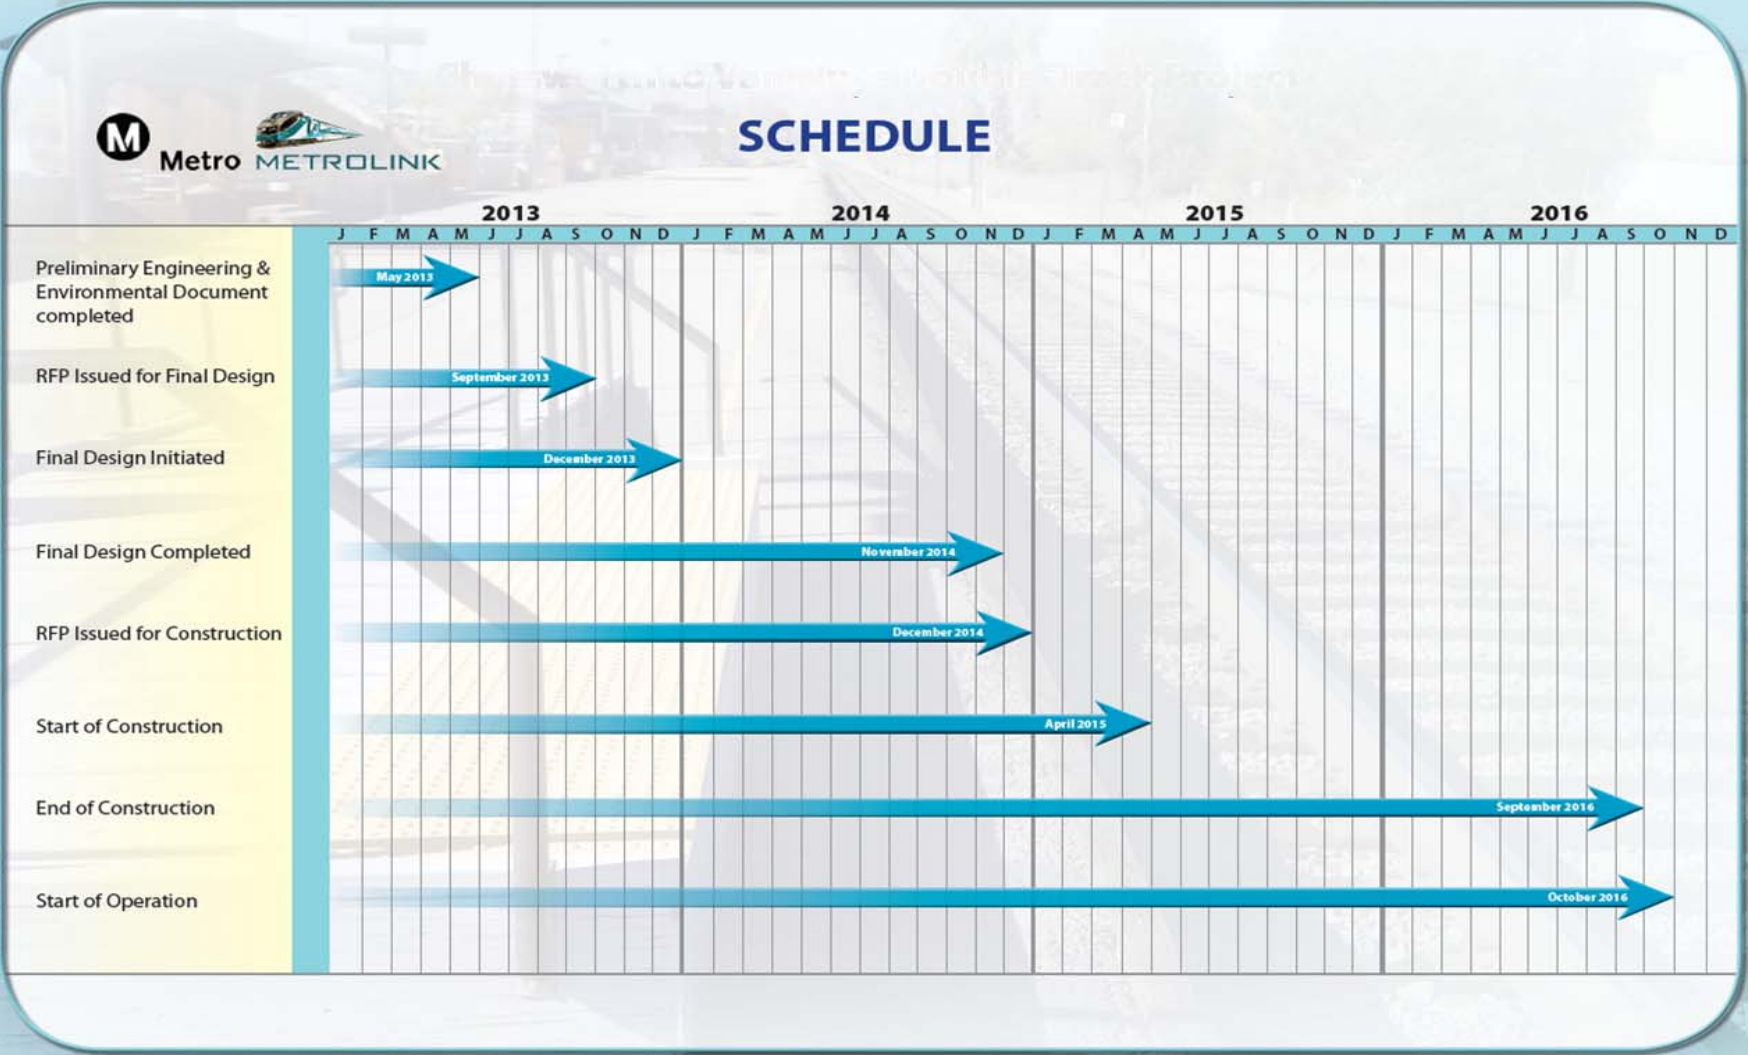

VAN NUYS STATION IMPROVEMENTS

725 Town and Country Road
Suite 300
