Subject to Change
North San Fernando Valley BRT Project Background

• Measure M funded project ($180 Million)
• New bus rapid transit project in the North San Fernando Valley (Twenty-Eight by ‘28)
• September 2017 – Completed Environmental Framework Report identifying study area and initial alignment options
• Opening Day projected between 2023—2025
Existing Transit Network
Frequent Transit Network
Common BRT Elements

- Signal Priority
- Comfortable Stations
- Vehicles
- Running Ways
- Branding & Image
- Off-Vehicle Fare Collection
Enhanced Vehicle Technology

Metro Board has committed to operate a 100% zero-emission bus fleet by 2030. These new buses will bring important benefits to San Fernando Valley residents:

- No tailpipe emissions
- Quieter operation due to electric drive motors and electric accessories
- Better performance
- Better ride quality
What does BRT look like?

San Bernardino SBX BRT - Center/Side Running
What does BRT look like?

Alum Rock Santa Clara BRT - Side Running
Study Area Overview

Kaiser Permanente Panorama City

CSUN Transit Center

Low-Density Development
Nordhoff – Sylmar/San Fernando
Roscoe – North Hollywood
Screening Process / Criteria

- Community Input
- Compatibility with Local and Regional Plans
- Cost
- Cost-Effectiveness
- Potential Environmental Effects
- Reliability
- Ridership
- Sustainability
- Travel Time Savings
Environmental Planning Process

Factors Driving Project Recommendations

- Financial Considerations
- Public Input
- Schedule
- Technical Feasibility
- Environmental Analysis
