

# Next stop: more subway.

## PURPLE LINE EXTENSION Overview Fact Sheet

The Purple Line Extension Transit Project is a critically important rail project that will provide a high-capacity, high-speed, dependable alternative for commuters to travel between downtown Los Angeles and Westwood in just 25 minutes. The extension will be built in three sections and will continue from the current station at Wilshire/Western, extending westward for about nine miles along Wilshire Bl. The extension will include seven new stations at Wilshire/La Brea, Wilshire/Fairfax, Wilshire/La Cienega, Wilshire/Rodeo, Century City/Constellation, Westwood/UCLA, and Westwood/VA Hospital.

This new Metro Rail extension will offer an alternative transportation option to congested roadways, provide significant environmental benefits and spur economic development throughout the county. Through improved connectivity, riders will be better able to use the entire Metro Rail system, municipal bus lines and other regional transportation services.

- > A 9-mile extension of the underground rail system from the current Wilshire/Western station.
- > The Metro Rail extension will be built in three phases:
  - > **Section 1:** Wilshire/ La Brea, Wilshire/Fairfax, Wilshire/La Cienega
  - > **Section 2:** Wilshire/Rodeo, Century City/Constellation
  - > **Section 3:** Westwood/UCLA, and Westwood/VA Hospital
- > Life-of-Project Budget: \$8.2 billion
