Equity Working Group

Metro is exploring tools to help staff develop an equitable process that leads to equitable outcomes. As we do that, it is important to understand the community outcomes we are striving to achieve and how Metro can help the region advance towards those outcomes. We would like to engage PAC Equity Committee members in a discussion about equitable community outcomes for the various opportunity areas, including, jobs, education, housing, etc.

Please join us for a conversation in January. We have created [a poll](#) for date(s) that might work best for interested parties. More details will follow.
