SAFETY BEGINS WITH YOU.

WE CAN HELP.

METRO COMMUNITY EDUCATION

metro.net/transitsafety
WE CAN COME TO YOU.

MEET AT YOUR SITE

Community Education Department’s goal is to increase safe ridership through informative and site-specific safety programs like Transit Safety Programs (TSP). TSP offers vivid educational safety presentations at schools within a half-mile radius of all street-running Metro lines (Blue, Expo and Gold).

These presentations give students a clear understanding of how to be safe on and around Metro. The presentation can range from 15 minutes to one hour as needed, and can be conducted in English or Spanish.

Additionally, TSP conducts safety presentations to senior centers, recreation centers and other community organizations that are interested in learning about Metro, and are within a 1.5 mile radius of all street-running Metro lines. For more information or to schedule a presentation, contact TSP at 213.922.4080 or transitsafetypgm@metro.net.
YOU CAN COME TO US.

MEET AT UNION STATION

The Rail Safety Orientation Tour (RSOT) is a hands-on learning tool offered to all schools who have hosted a Rail Safety Presentation. Safety tips are integrated into the tour.

Tours meet a safety docent at Union Station and begin with the history of the transit hub and a bit of local history. Students are then led by the safety docent aboard Metro Rail, disembarking at Civic Center.

Here, the group learns about Metro’s subway system and its connections throughout LA County. At the end of the tour, the school has access to travel anywhere on the Metro system. For more information, please visit metro.net/transitsafety.
WE CAN GO TOGETHER.

COMMUNITY EVENTS

The Community Education Department participates in local events and offers a better understanding of the various benefits of riding Metro. This is done by providing Metro staffed resource tables, which includes safety information for riders, pedestrians and motorists, as well as general Metro info.

Event goers are encouraged to win a prize by spinning the prize wheel and answering a safety question. If you are interested in having the Community Education Department participate at your event, please contact us at 213.922.4080 or transitsafetypgm@metro.net.
