80. APPROVED AS AMENDED **ANTONOVICH MOTION** that the MTA Board direct the CEO to develop a Regional Airport Connectivity Plan that will integrate our region’s airports into our regional transportation system.

This Regional Airport Connectivity Plan will include the following elements:

(Continued on next page)
(Item 80 – continued from previous page)

A. An implementation plan (for Board review) including but not limited to timelines, estimated costs, and potential funding sources, to implement rail connections from our Metrolink and MTA rail system to the following airports:

- Bob Hope Airport
- Long Beach Airport
- Ontario Airport
- Los Angeles International Airport
- Palmdale Airport

B. A review of current transit options to the aforementioned airports, with analysis on service gaps, transfers and general inefficiencies, with a comprehensive proposal to improve these transit connections in the near term.

C. Input from the Federal Aviation Administration and Southern California Association of Governments on potential for funding and support to meet the goals of providing stronger transit connectivity to our region’s airports.

D. A report from LAWA on how to expedite the construction of the LAX airport connector to open concurrent with the Crenshaw/LAX project.

E. An overview of what level of coordination and funding is required from our partner agencies—including but not limited to SANBAG, Metrolink, Amtrak and LAWA—to assist MTA with the development of this plan.

I FURTHER MOVE that the MTA Board direct the CEO to return to the Planning and Programming Committee and full Board in September November (to allow Service Council input) with an update on this Plan’s progress and to complete this plan by November 30, 2012 January 2013 for Board consideration in December.
