4. Report by the Chief Executive Officer – NONE.
4.1 APPROVED Motion by Ridley-Thomas, Fasana and Garcetti AMENDING 2016-0148
the staff recommendation to:

A. RECEIVE AND FILE the Draft Potential Ballot Measure Expenditure Plan (Attachment A);

B. AUTHORIZE the CEO to release the Draft Potential Ballot Measure Expenditure Plan, including a 45-year and 50-year plan option, for public review; and

C. DIRECT the Chief Executive Officer to initiate aggressive public outreach to engage residents and interested stakeholders about the proposed Expenditure Plan and return to the Board of Directors in June 2015 for further consideration and potential adoption.

RECEIVED (for consideration when potential ballot measure is brought back to the Board in June 2015) Butts, Knabe and DuBois Motion that the Board adopt the following policies:

A. That the 2nd and 3rd decade Measure R transit projects be formally accelerated to qualifying for 2018 Measure R and PBM funding and that Measure R projects be advanced through the environmental and preliminary engineering phases to receive funding on a construction-ready status, as envisioned in the 30-10 Board approved policy, and not be superseded by new PBM projects;

   1. In further keeping with the 2008 Measure R promises that the recently adopted Performance Metrics be applied solely to PBM projects and not retroactively to Measure R 2nd and 3rd decade projects; and

B. That the Expenditure Plan accurately describes the modal category reflected in the proposed funding for that project.

There will be many more compromises needed to be made in the subsequent months ahead, but this is a major start towards bringing to the voters the balanced and comprehensive approach we have promised over the years.

RECEIVED (for consideration when potential ballot measure is brought back to the Board in June 2015) CLARIFICATION by Director DuBois of the Measure R Priority Implementation Policy.

The goal of this policy is to mirror the 30-10 adopted in 2010 to use new money to accelerate the Measure R 2nd and 3rd decade projects ahead of any new projects that are listed in the Potential Ballot Measure.

We are not amending Measure R to do this, similar to the 30-10 policy of 2010. We are simply using the new money to accelerate and finish Measure R Projects and keeping our 2008 promise to the voters.
