

Century Blvd Bridge Demolition

CRENSHAW/LAX TRANSIT PROJECT

Plan ahead to avoid delays.

JULY 25-28

A full weekend closure of the Century/Aviation intersection is scheduled from 9PM on Friday, July 25 to 6AM on Monday, July 28, 2014. The closure will allow demolition of the Century Blvd bridge to construct a new aerial station for the Crenshaw/LAX Transit Project.

Please plan ahead if you are traveling in this area, as it is a major thoroughfare to the airport. Expect heavy traffic congestion on approach to closure at Aviation Blvd and Century Blvd. Use alternate routes to avoid delays.

Local access to businesses will be maintained.

Construction may result in changes to bus routes or stop locations. Metro will post signs at affected stops to advise of alternative boarding locations. Real-time information is available at metro.net/service/advisories or 323.GO.METRO.

Pedestrian access will be restricted at the Century/Aviation intersection.
