Regional Rail
Van Nuys Station Project
Project Location

[Map of railway system with various routes and locations identified]

**Project Location**

**METROLINK ROUTES**
- Antelope Valley Line
- Inland Empire-Orange County Line
- Orange County Line
- Riverside Line
- San Bernardino Line
- Ventura County Line
- 91 Line
- Future Stations

**Station Served by Multiple Lines**
- Amtrak Pacific Surfliner
- Metrolink
- LAX FlyAway Bus

**Other Services**
- San Diego North County Transit District

*Effective September 30, 2013*
Purpose

- Provide passenger service to both main tracks
- Provide safe pedestrian access through a grade separated pedestrian undercrossing
- Improve travel times for intercity and commuter rail service
- Improve train operational reliability and on-time performance
Latest Developments

> Previous concept was a side platform.

> Changed to a center platform:
  > Minimizes impacts to the bridge.
  > Eliminates conflicts with the UPRR facility.
  > Minimizes utility impacts.
Existing Station

- UPRR Yard Lead
- MT-1
- MT-2
- UPRR Gemco Yard
- Van Nuys Station
- Van Nuys Blvd
The Van Nuys Station serves both Amtrak and Metrolink passengers. The main tracks are shared with the Union Pacific Railroad. Serves 33 trains per weekday. 850 foot platform. Double track with a single side platform. Bus services. DASH and Amtrak Thruway onsite. Metro stops on Van Nuys Blvd.
